## 13U ALL AMERICAN TEAMS

### 13U DIVISION I ALL AMERICAN – 1<sup>st</sup> TEAM

#### **Daniel Blood, 5-4, PG, TTR 13U (LA) - 2023**

*A pit-bull of a PG-very aggressive on ball defender-quick hands, gets lots of steals and deflections-strong body which he uses to attack basket hard off the bounce.*

#### **Kanaan Carlyle, 5-10, G, TSF Mack (GA) 2023**

**#3 Overall Prospect...***This kid can flat out do it on the offensive end of the floor. Excellent floor vision makes the game easy for his teammates. He delivers the ball to the right place on time. As for scoring, he does it all. Tricky dribble moves to the rim, stop and pop pull up jumpers, floaters in the lane and he finishes with either hand. Kid has excellent body control and ball skills that freeze the defense. He is a streaky shooter from distance but knocked down some very timely threes. Only chink in the armor may be inconsistent effort on the defensive end. Potential Top 5 player at the event.*

#### **Isaiah Collier, 5-7, PG, TSF Mack (GA) – 2023**

**#4 Overall Prospect...***Sleek and impressive all-around guard showed in the championship game he is one of the better guard prospects in the class of 2023. Played the talented Team United guards to a standstill until he ran out of the gas in the last 3 minutes off the dribble...But the young man Impressed with his poise and feel for the game...Showed all the intangibles you are looking for in a high-level PG...Showed he could finish at the rim with either hand...stroked the deep 3...break you down and get to the basket and finish with a variety of moves.*

#### **Robert Dillingham 5-7, CG, Team United 13U White (NC) - 2023**

**2<sup>nd</sup> Overall ranked prospect...***“Mr. I Can Get A Bucket” this kid is very exciting to watch because of his ability to score points in bunches, Super quick off the dribble with crafty ball handling that allows him to be a terror to defenders and keep them off balance. Doesn’t need a lot of room to get his jump shot off which is deadly right now from long range off the catch and bounce. Tends to take a few plays off but when he is fully engaged, he is unstoppable on offense. Showed in the championship game scoring the last 11 points of the game to secure the 13U National Championship. Very quick hands and harassing defender who puts a lot of pressure on the ball handler 94 feet up the floor.*

### **Christian Hamilton 5-9, WF/G, Team United 13U White (NC) - 2023**

**#1 Overall Prospect**...Probably the most valuable player of the Division I field. This young man has one of the highest upsides on the team for sure-a good 2-way player who plays hard on both ends-can play with his back to the basket or facing up-a true matchup nightmare when he starts putting the ball on the floor and attacking slower defenders off the dribble-very versatile player and starting to build confidence in his jump shot. Rebounded very well all over the floor. Should end up being a very good 2 guard on the next level.

### **Jameen "JJ" Moore, 5-5, PG, Team United 13U White (NC) - 2023**

A very smart, lefty PG that really is the motor to his team. The lefty guard can score and pass-has a good feel for the game and knows when to score and when to facilitate-strongest skill currently is his defense-a complete nightmare of an on-ball defender-gets lots of steals and deflections. As he continues to grow and develop a consistent jump shot, it will make him an even stronger player.

### **Tyler Ringgold 6-4, C, TTR 13U (LA) - 2023**

A big-time rim protector/blocks shot and alters shot in and around the rim-plays close to the basket and is developing a few offensive moves.

### **Joshua Washington 6-2, WF, TTR 13U (LA) - 2023**

A long, very athletic forward who runs the floor end to end with high energy-high motor in transition and finishes well at the rim-can also step out knock down open 15-foot jump shots in pick and pop.

### **Trai White, 5-9, PG, Carolina Cavs (NC) -2023**

**#5 Overall Top Prospect**...Quick athletic floor general. Unreal floor vision in transition or half court set. This kid controlled every aspect of the game for his team. Scores the ball with the dribble and has a nice little floater in the lane. Tough defender really competes hard on both ends of the floor. Plays with extreme poise, a natural leader who makes his teammates better. Potential top 5 to 10 performer at the event.

### **Alber Wilson 6-0, F, Team United 13U White (NC) - 2023**

Big body post who is built like an offensive lineman but make no mistakes about it, he is a terror inside on the boards and in the paint. Very agile and athletic for his size and age. Really good hands and great footwork. Soft-hands catches everything even on the move and finishes quickly above his head with either hand. Solid rebounder and defender but strong suit right now is his soft hands, footwork, and strong low post offensive scoring package of moves, like drop steps, and spin moves in the lane.
