Florida Future (FL) O'Mariah Gordon "OMG" - Has the ability to breakdown any defense. She can shoot from just about anywhere on the court. Gordon is the truth, she makes others around her better, she plays with energy and she is coachable. This kid is very, very, very special.

Florida Future (FL) Chaniya Clark - 6'3" Post with really great hands. Clark has a nice low post and high post presence. Clark will be a great asset to any School.

Florida Future (FL) Sara Pedraza - Guard that can play both ends of the floor. She can shoot well and get to the rim and finish in traffic. Real high basketball I.Q.

Team Elite (GA) Cierra Foster - Good with the ball in her hands, can handle pressure well and very active defensively.

Maryland Lady Comets (MD) Kristin Sterling - 5'9" Guard that reminds me of an Angel McCoughtry. A very active, high energetic player that knows how to get to the rim. If Sterling continues to wow the scouts, coaches, and her opponents she will have a bright future. D1 schools will be all over this one.

Flight Select 2021 Navy (TN) Tessa Miller- 5'10" Post that has great low post fundamentals. Miller can score inside and out. Really like the way she sees the floor and how well she makes decisions.

Flight Select 2021 Navy (TN) Campbell Penland - Has a knock down jumper. She consistently proved through the weekend that she could become one of the top shooters in the country.
