

2012 AAU Gymnastics Scholarship Award Winner

Robyn Barta

Robyn Barta competed in her first AAU competition as a level 2 gymnast when she was just five years old. The following year she was a level three and attended her first nationals. She has competed in every nationals since then, a total of 14 national competitions. She has also competed in three AAU Junior Olympic Games competitions. She loves the “family” that she has built through her gymnastics and credits her success to the help and support from her teammates. She feels that gymnastics has taught her that through hard work you can achieve anything. She knows she will miss competing in AAU gymnastics but is also aware that gymnastics has made her the hard-working outgoing person she has become and that these life lessons will help her as she begins the next chapter in her life.
