1. Work directly with the Clinic Administrators from across the country to process information about those that have attended clinics. The Administrator will maintain a database of information about Officials that will be used in order to conduct local, regional and national competition.
2. Work with the Clinic Administrators (CAs) to ensure they are given the information and materials that are needed to train the most highly informed Officials in the country.
3. Update the Officials Database with information on attendance and upgrades of Officials at local, regional and national competition. Compile a list of those that are certified for use by those conducting sanctioned events.
4. Work with the National Executive Committee to make sure that the Officials Program is being run effectively.
5. Prepare Official Badges and Coaches Passes with ID photos for those that register to participate in National Events.

### **Officials Program/Purpose and Function**

**How to Become Certified or Recertified** – All AAU officials are required to become (re)certified through a recognized Clinic Administrator on a yearly basis. Officials must be (re)certified EACH YEAR prior to District or Regional qualifying competition. Certified officials wishing to officiate at a National event are expected to also take ONE of the National Clinics, offered at the National Championships and AAU Junior Olympic Games, before they will be allowed to work either National event. Since the Nationals are NORMALLY held first, an official must attend the Nationals' clinic in order to work the Nationals and his/her certification will allow him/her to also work the AAU Junior Olympic Games. Should an official only work the AAU Junior Olympic Games, they must attend the AAU Junior Olympic Games Clinic that will be offered at that event.

**Who is Authorized to Conduct Clinics** – Only certified Clinic Administrators and the National Chief Referee may conduct clinics. Clinic Administrators are appointed by the National Sports Chair upon the recommendation of the National Chief Referee. A complete list of clinic administrators is listed on the website at [www.aautaekwondo.org](http://www.aautaekwondo.org). All questions regarding clinics and clinic administrators should be directed to the Officials Program Administrator.

**When are Clinics Allowed to be Conducted** – Clinics cannot be held until the current years rules are finalized. This is NORMALLY accomplished no later than September 15. No clinic may be held between June 1 and September 1 without special permission from the Officials Program Administrator.

**Clinic Administrator Timelines** – All Officials' clinic applications, digital photos on CD and appropriate fees, must be forwarded to the Officials Program Administrator no later than seven days after the clinic. A complete list of Coaches and Officials that have completed clinic will be posted at [www.aautaekwondo.org](http://www.aautaekwondo.org)

**What if Classification Isn't Kept Current** – All officials holding a classification of B or higher will be required to participate as an official in some capacity at a minimum of one national event within a two-year period to maintain their current status. Not meeting this

requirement will result in a downgrade in status of one level every two years, not to be lowered past C level official.

1. Participation within a two-year period at the AAU National Championships would be as follows:
  - a. AA officials must work 5 days
  - b. A officials must work 4 days
  - c. B officials must work 3 days
2. Participation within a two-year period at the AAU J.O. Games would be as follows:
  - a. Only B officials may use the J.O. Games to maintain their classification
  - b. B officials must work the entire event, including weigh-ins if requested, if not working Nationals and needing the J.O. Games to maintain their classification.
3. In order to meet the minimum number of work days at either the National Championship or J.O. Games, the total number of required work days must be worked at the same event. (that is, an official cannot split the required work days between multiple events).

**Upgrade Requirements** – Upgrades in classification are not automatic, nor are they a “right.” An upgrade is based on satisfactory performance of an official during AAU sanctioned competition at the District and Regional level, as determined by the Tournament Head Referee (up to level C) appointed by the tournament director or by the National Chief Referee at National events.

In addition, an official MUST first meet the requirements listed later in this document to be considered eligible for an upgrade. ALL officials upon entering the program will be issued classification based on minimum age and rank requirements.

All D officials who meet rank and age requirements, as outlined, may be upgraded upon request to C classification after working two district or regional qualifiers or one national event.

In order to upgrade to a B or higher classification, the candidate must have successfully completed the annual district/regional course, have worked a qualifying event, and then requested to be evaluated at the AAU National Championships or J.O. Games. (Upgrades to B only are allowed at the J.O. Games). In order to be evaluated, an applicant must request to be reviewed for upgrade at the time of registering for an event. The applicant must attend the national seminar, pass a written test and be evaluated while officiating at the event, ALL WITHIN THE SAME COMPETITION YEAR.

### Sport Policies and Procedures

Each year the AAU Taekwondo Program evaluates the rules of competition in order to determine if changes to the rules would create a better competition experience for the athletes. All four categories of competition: Olympic Style Sparring, Point Style Sparring, Forms and Team Forms are considered. Each year AAU clubs have the ability to suggest changes to the program at the local level. These changes are voted on at the annual meetings of the districts. Those changes agreed to at the District level are then submitted to the Technical Rules Committee (TRC) for their consideration. Changes that pass that body become part of the next year's rules of competition pending ratification by the entire National Sport Committee at their next meeting.

It has always been the policy of the AAU Taekwondo Program to consider changes the World Taekwondo Federation (WTF) makes to their competition rules. Those WTF rules and competition requirements are mandated to the National Governing Bodies of Taekwondo when conducting WTF sanctioned events. The AAU has the luxury to consider whether to accept or reject WTF changes. Each WTF change is considered independently with consideration to the benefit for the athlete and the competition experience.

**Article VII. Duration of Competition**

**VII.A. Colored Belt Rounds.** All colored belt matches shall consist of two 90-second rounds with a 30-second rest between rounds.

**VII.B. Black Belt Rounds**

**VII.B.1.** AAU National Championships and the AAU Junior Olympic Games, all Black Belt matches shall consist of three 90-second rounds with a 30-second rest between rounds.

**VII.B.2.** Team Trials ONLY, all Black Belt matches shall consist of three two-minute rounds with a one-minute rest between rounds.

**VII.B.3.** District and Regional competition, the tournament Directors have the option of scheduling two two-minute rounds with a 30-second rest between rounds or three 90-second rounds with a 30-second rest between rounds.

**VII.C. Advanced & Black Belts Combined.** For Nationals Championships, when Red/Brown belts are combined with Black belts all matches shall consist of three, 90-second rounds with a 30-second rest between rounds. When Red/Brown belts are

combined with Black Belts at the District and Regional level, they will compete using the same duration guidelines as are being used for the Black Belt divisions for that event.

**VII.D. Rest Time between Semi-Final and Final Match.** Competitors shall be allowed at least two-minutes rest between semi-final and final matches.

**Article VIII. Permitted techniques**

**VIII.A.** Fist technique: Delivering a punch using the tightly clenched fist

**VIII.B.** Foot technique: Delivering techniques using any part of the foot below the ankle.

**Article IX. Permitted areas**

**IX.A. Head Area (Foot Only).** The “head area” is all areas above the collarbone, including neck, face, ears, top and back of head.

**IX.B. Trunk.** This area includes the entire trunk which is covered by the chest gear between the armpit and the pelvis. This includes the back, except for the spine. Attacks by fist and foot techniques are permitted.

**Article X. Points (Valid Scores)**

Points shall be awarded when permitted techniques are delivered accurately and powerfully to legal scoring areas of the body (The blue or red colored area of the body protector).

Points shall be awarded when permitted foot techniques are delivered accurately to the head. The AAU will follow the most current interpretation of the WTF regarding the amount of power that is required to be considered as a point(s).

**X.A.** Points Awarded for Legal Attacks to Legal Scoring Areas:

**X.A.1.** One point for a valid attack (foot or hand) on the legal scoring area of the trunk

**X.A.2.** Two points for a valid turning kick to the legal scoring area of the trunk (continuous motion)

**X.A.3.** Three points for a valid kick to the head

**X.A.4.** Four points for a valid turning kick to the head (continuous motion)

**X.B. Invalidation of Points.** When a contestant scores a point or points through the use of an infraction, the point(s) shall be annulled.

**X.B.1.** To remove point(s) that were scored due to the use of an infraction the Referee should face the computer operator, wave the right palm face high from left to right and then back to center then the perpetrator and issue the appropriate penalty.

**X.C.** When using electronic scoring, if there is a legal attack to the head area and no point is scored, any of the officials or coaches may ask for confirmation of the head kick. The Referee may declare *shi-gan* to stop the contest and gather the Judges to ask for statements. After discussion, the Referee will publicize the resolution.

**X.D. When Using Electronic Protector and Scoring System (PSS)** points scored on the mid-section of the trunk shall be recorded automatically by the transmitter in the electronic trunk protector.

**X.D.1.** Valid points scored on the mid-section of the trunk shall be recorded automatically by the transmitter in the Protector and Scoring System. In case of a valid turning kick to the trunk protector, the “valid point” shall be scored automatically by the transmitter in the Protector and Scoring System, while the “valid turn” shall be scored by the judges.

**X.D.2.** Valid points scored to the head or attack by fist shall be recorded by each judge using the electronic scoring instrument or by the judges scoring sheet. As per valid turning kick on the head, the judges shall score valid points and “valid turn.”

**X.D.3** In case of using three (3) judges, valid points shall be those scored by at least two or more judges while valid points shall be those scored by at least three or more judges in case of using four (4) judges.

(Explanation #1)

Points shall be immediately recorded: Immediate scoring means awarding the point immediately after delivery of the scoring technique. Points awarded after a period of time has elapsed cannot be considered valid.

(Explanation #2)

In case of non-use of Protector & Scoring System (PSS): All scoring must be done according to the judge’s own decision. There must be equipment available which is capable of immediately conveying the recorded point to the scoreboard. However, when electronic publication equipment is not available, the points shall be immediately recorded on the judge’s scoring sheet and publicized at the end of the round.

(Explanation #3)

In the case of using Protector and Scoring Systems, one (1) point shall be validated if the transmitter acknowledges the valid point and the judges do not give the point for a “valid turn.” In the event that the transmitter does not acknowledge the point, no point shall be given regardless of the judges’ scoring of a “valid turn.”

**XII.A.3.** In case the downed contestant stands up during the referee’s count and desires to continue the fight, the referee shall continue the count up to *yeo-dul* (eight) for recovery of the contestant. The referee shall then determine if the contestant is recovered and, if so, continue the contest by declaration of *kye-sok* (continue).

## Appendix D – Brazilian Repechage

The most common forms of brackets are single and double elimination bracketing systems. Single elimination is the least time consuming method of bracketing, however, if the 2 best competitors compete together early in the competition in a large bracket, the loser could be totally eliminated from any medal standing. True double elimination bracketing system ensures that everyone must lose twice except the 1st place competitor. This system is much fairer to the competitors, but is extremely time consuming. Double elimination type brackets, both true double and modified double, are forms of a bracketing system which literally means “re-fishing.” It is a method of bracketing that, through different methods, gives losers a chance to medal.

There are several other types of brackets. The AAU program uses a form called Brazilian, which operates under the basic concept that if a player loses to the 1<sup>st</sup> place competitor, that player will get a chance to reclaim 2nd place, no matter where in the bracket they lost. The top portion of a bracket must be completed prior to beginning the bottom portion of the bracket. The top portion of the bracket determines only the 1st place competitor in the division. The bottom portion of the bracket decides who will compete against the loser of the top bracket for 2nd and 3rd place. In the example below, Andy is the obvious 1st place winner. However, anyone who lost to Andy could possibly be the true 2nd place person, including Matt who also lost to Andy. The bottom brackets compete to their completion which is a winner in each pool. At this point, the person in the same pool as the 1st place player, in this example Bob from Pool A, will compete for 2nd and 3rd against the person who lost to the 1st place player in the top bracket, in this example Matt. The person in the opposing Repechage bracket, in this example Noah, has already lost to Matt in the top bracket, so will automatically take the 4th place position.
