9. How do I add athletes, coaches, and chaperones to my roster?

Athletes, coaches and chaperones must have current AAU memberships before adding them to your team roster for the event.

On the Coaches View page, click on the team name. You will be taken to the Manage Team Events page. In the list of events under roster, click on “Add Roster.” Here you can click on Add New Athlete, Add New Coach or Add New Chaperone.

For adding athletes, click on “Add New Athlete.” You will then see a list of athletes registered using your club code. Select the athletes you want to add to your team and click “Add Athletes.” These athletes will be added to your team roster; **however, on the next page (Team Roster page) you will still need to fill in any missing information such as uniform number, graduation year, etc.**

If the athlete was not registered for AAU membership using your club code, you can still add her/him to your roster. After clicking “Add New Athlete” from the Team Roster page, on the next page you will need to type in the AAU membership number and zip code for that athlete. If you do not know the membership number, click on the Reprint/Update Membership option at the bottom of the page. Once you enter the membership number and zip code, click “Insert Record.” You will be directed to the next page to complete any missing fields (uniform number, graduation year, etc.).

For adding coaches and chaperones, click on “Add New Coach” or “Add New Chaperone.” Follow the same steps as above.

You can transfer athletes from last year’s teams to a new team for this year. Click on **“Transfer Participant”** and select the team to transfer the athlete. You will need to set up the team first, before being able to transfer. Please note if the athlete has a valid membership, this will transfer with the athlete. Additional information such as uniform number, position, etc. will still need to be completed.
