

2017 AAU Gymnastics Scholarship Recipients

NICOLET CHRISTENSEN

Butler University

My name is Nicolet Christensen from the Central district. I have been lucky enough to have been a part of AAU for the past 8 years, and I cannot even begin to explain how this sport and organization has shaped me into the goal-driven, dedicated leader I am today. Through AAU, I have been blessed with the most amazing coaches and teammates. I have learned so much more than just how to do a flip. I learned what it means to work hard and persevere through any problem life throws at you. I have learned time management and dedication. I have sacrificed a normal high school social life for practice and meets. Of course there have been days when I question why I put myself under so much stress, but all these pressure have shaped me into the person I am today. Which is why I will be taking all these lessons to Butler University next year where I will major in Elementary Education with a minor in Spanish. This sport and organization will be missed dearly!!
