

# 2017 AAU Gymnastics Scholarship Recipients

**OLIVIA WEIMER**

*Saint Louis University*

Hi my name is Olivia Weimer and I'm from the central district of AAU gymnastics. I was involved in AAU gymnastics for 6 years and those were some of the best years of my life, so far. I plan on attending Saint Louis University to study nursing and Spanish and I plan to learn so much at college and use all of the life lessons learned in gymnastics to have the best possible experience. During my last year in gymnastics, I finally got over my obstacle of competing without being as nervous as I was in the past. I went into my last high school, and club season, with such a positive attitude and ended up making it to sectionals and having my best meet of the season there. I went out with two amazing seasons and it made me realize that my hard work payed off. It truly did, and I couldn't have done it without the help of each and everyone of my coaches and teammates. Thank you all so much.
