TIE BREAKING PROCEDURES

All Teams must be present to compete in the tie-breakers playoff games. If a team leaves the area this is considered a forfeit and they will be eliminated from the tie-breaker which will result in a two-way tie.

For all competition leading to the Gold Championships:

All two-way ties will result in head-to-head competition. If there are more teams tied for playoffs than there are positions (three teams for two spots), the tied teams must compete for positions in direct competition. All tie-breaking games will be 1 rally game to **25 points**, no cap with a 3/3 minute warm-up.

For all competition NOT leading to the Gold Championships:

There will be no playoff games.

If there is a 3-way tie in the match record for 1st place:

If the 3-way tie breaking procedure eliminates a team from possibly reaching the Gold Championships, then a tie-breaking game is required. In the event in which a 3-way tie for 1st place exists, the seeds in the playoff are determined by:

- a. Win-Loss ratio for the total number of games played in that pool
- b. Point percentage (a team's total points scored, divided by the total points scored by the opponents in that pool.)

The #1 seed will be 1st in the pool. The 2nd seed and 3rd seed will play 1 game to 25 points. Winner will be 2nd loser will be 3rd.

If there is a 3-way tie in the match record for 2nd place:

If the 3-way tie breaking procedure eliminates a team from possibly reaching the Gold Championships, then tie-breaking games are required. In the event in which a 3-way tie for 2nd place exists, the seeds in the playoff are determined by:

- a. Win-Loss ratio for the total number of games played in that pool
- b. Point percentage (a team's total points scored, divided by the total points scored by the opponents in that pool.)

The #2 seed will play the #3 seed, with the loser finishing fourth in the pool. The winner will play the #1 seed. The winner of this match will take 2nd place in the pool and the loser will take 3rd place.

If there is a 4-way tie in the match record:

If the 4-way tie breaking procedure eliminates a team from possibly reaching the Gold Championships, then tie-breaking games are required. In the event in which a 4-way tie exists, the seeds in the playoff are determined by:

- a. Win-Loss ratio for the total number of games played in that pool
- b. Point percentage (a team's total points scored, divided by the total points scored by the opponents in that pool.)

The #1 seed will play the #4 seed, with the loser finishing fourth in the pool. The #2 seed will play the #3 seed, with the loser finishing third in the pool. The two winners will play. The winner of this match will take 1st place in the pool and the loser will take 2nd place.
