About AAU—All Under One Roof

THE LEADER IN THE INDUSTRY OF HOSTING YOUTH SPORTING EVENTS

All Under One Roof is an event management company as well as an equipment rental provider. All Under One Roof has directed some of the largest AAU events in the country including the AAU Reno Memorial Day event with over 1100 participating basketball teams

and the AAU West Coast Nationals in the Las Vegas Convention Center. With over 30 years of experience, we are the leader in the industry and can manage all aspects of any size event. All Under One Roof is a one-stop shop. We began the All Under One Roof concept over 13 years ago and have perfected it since. In the matter of a day, any facility in the country can be turned into a maze of basketball or volleyball courts. Whether it's facilities, equipment, marketing and promotion, or on site management that your event needs, we can help you take it to the next level.

Event Management Options

WE TAKE EVENTS TO THE NEXT LEVEL — ASK US WHAT WE CAN DO FOR YOUR EVENT

GOLD PACKAGE

This is for organizations who want little involvement with an event. AAU would conduct and provide most all services required for the event to be a success. An event management fee and event right details would be negotiated based on the individual events needs. This could include a variety of services from equipment, securing facilities and hotels, promoting and marketing, registration and scheduling, and many other aspects necessary for a successful event.

SILVER PACKAGE

This is for organizations who want to take ownership of the event and assume all financial responsibilities, but need the guidance, experience, and resources the AAU has to offer. Our services can help get your event off the ground. The AAU would create a custom game plan on how to attack the different areas of need. In addition, the event host would gain access to all AAU tournament material, as well as the option of having experienced tournament directors and staff present at the event.

BRONZE PACKAGE

This is for organizations that need equipment setup to create a great All Under One Roof event but want to manage all other aspects of the event themselves.
