2015 NFHS Softball Rules Changes

1-6-1: The batting helmet shall have a non-glare (not mirror-like) surface.

1-7-1: The catcher's helmet shall have a non-glare (not mirror-like) surface.

2015 Major Editorial Changes

1-6-1: The exterior warning label may be affixed...or embossed (at the time of manufacture).

1-6-6: The phrase, "Meets NOCSAE Standard at the time of manufacture"...

1-7-1: The catcher shall wear a catcher's helmet...that meets the NOCSAE standard at the time of manufacture.

5-1-4: After a dead-ball situation, the ball becomes live when it is held by the pitcher on the pitcher's plate and the umpire calls and/or signals "Play Ball."

7-1-1 & 2 Pen 2 When an improper batter becomes a runner or is put out and the defensive team appeals to the umpire before the next pitch (legal or illegal), or prior to an intentional base on balls (S.P.), or before all infielders have left fair territory and the catcher vacates her normal fielding position if a half-inning is ending. The umpire shall declare the batter who should have batted out (not the improper batter). The improper batter's time at bat is negated and she is returned to the dugout/bench area. All outs stand and runners who were not declared out must return to the base occupied at the time of the pitch. If a runner advances because of a stolen base, wild pitch, passed ball (F.P.) or an illegal pitch (F.P.) while the improper batter is at bat, such advance is legal.

NOTE: If any situation arises which could lead to an appeal by the defense on the last play of the game, umpires should not leave the field until all infielders have left fair territory and the catcher has vacated her normal fielding position. If teams line up to shake hands, there is little chance for an appeal even if the defensive infielders have not crossed the foul line and umpires can leave the game at this point. No appeal can be made once the umpires have left the field.

NFHS Disclaimers

Requests for rule interpretations or clarifications should be directed to the state association which is responsible for administering and conducting the high school softball programs in your state. The NFHS will assist in answering rules questions from state associations whenever called upon.

New rules changes are denoted with **highlight**.

Each state high school association adopting these rules is the sole and exclusive source of binding rules interpretations for contests involving its member schools. Any person having questions about the interpretation of NFHS rules should contact the rules interpreter designated by his or her state high school association.

The NFHS is the sole and exclusive source of model interpretations of NFHS rules. State rules interpreters may contact the NFHS for model rules interpretations. No other model rules interpretations should be considered.

DISCLAIMER – NFHS Position Statements and Guidelines - The NFHS regularly distributes position statements and guidelines to promote public awareness of certain health and safety-related issues. THE INTENT AND PURPOSE OF THE RULES

The restrictions which the rules place upon the players are intended to create a balance of play; to provide equal opportunity between the offense and the defense; to minimize risk; to create an atmosphere of sporting behavior and fair play; and to emphasize cleverness and skill without unduly limiting freedom of action of individual or team play on either offense or defense.

Therefore, it is important to know the intent and purpose of a rule so that it may be intelligently applied in each play situation. A player or a team should not be permitted an advantage which is not intended by a rule. Neither should play be permitted to develop which may lead to placing a player at a disadvantage not intended by a rule. It is the policy of the NFHS Softball Rules Committee that there is no deviation from the rules unless experimental approval has been granted by the NFHS.

THE GAME – In softball each team is permitted seven turns at bat during which it attempts to score runs by having its batters become base runners that advance to and touch first base, second base, third base and home plate. The team in the field attempts to end each turn at bat of the

opponent by causing three of its batters or base runners to be out.

Rule 1 Field and Equipment

The NFHS does not perform scientific tests on any specific items of equipment to determine if the equipment poses undue risks to student-athletes, coaches, officials or spectators. Such determinations are the responsibility of equipment manufacturers.

SECTION 1 THE FIELD

ART. 1 . . . The softball field shall be free of obstructions between the foul lines, level and contain an infield diamond and an outfield area that may or may not be enclosed by a fence.

ART. 2 . . . Mandated field distances are designated as follows:

- a. Bases shall be 60 feet apart for games using the 12-inch ball and 65 feet for games using the 11-inch ball.
- b. (F.P.) The rear tip of home plate and the front edge of the pitcher's plate shall be 43 feet for female fast pitch softball and 46 feet for male fast pitch softball.
- c. (S.P.) The rear tip of home plate and the front edge of the pitcher's plate shall be 46 feet for males or females playing slow pitch softball when using the 12-inch ball, and 50 feet for female slow pitch using the 11-inch ball.

NOTE: By state association adoption in slow pitch, the pitching distance shall be 50 feet when using a 12-inch ball.

- d. (F.P.) A circle 16 feet in diameter shall be drawn with its center at the midpoint of the front edge of the pitcher's plate.

ART. 3 . . . Recommended field distances are designated as follows:

- a. From home plate to the nearest obstruction on fair ground may uniformly range from:
 - 1. 185 feet-235 feet for female or male fast pitch
 - 2. 250 feet-275 feet for female slow pitch
 - 3. 275 feet-300 feet for male slow pitch
- b. From the top of the outfield fence to the ground should be 6 feet to 8 feet
- c. Outside (foul ground) the foul lines and between home plate and the backstop – an unobstructed area with a distance of 25 feet to 30 feet
- d. On-deck circles shall be a safe distance from home plate with a recommended distance of 30 feet, if space allows.
- e. The width of all chalk lines is recommended at 2½ inches.
- f. Foul lines extend from the batter's boxes, beyond the bases, to the outfield fence. When an outfield fence is not present, foul lines should extend to a minimum of 185 feet.

ART. 4 . . . The catcher's box, bases, coaches' boxes, batters' boxes and the three-foot running

lane to first base shall be marked as noted on [Figures 1-1, 2 and 3](#).

ART. 5 . . . The infield and outfield, including the boundary marks from the rear tip of home plate to first and third, and their extended foul lines, are fair ground. All other area is foul ground.

ART. 6 . . . While the on-deck circle does not have to be occupied, a player desiring to warm up shall use that area, provided it is safely away from home plate. Neither team's players shall warm up in the other team's on-deck circle.

ART. 7 . . . Media shall be prohibited from being in live-ball area, unless marked. The home team or game management shall designate a lined area for the media ([5-1-1o](#)).

ART. 8 . . . The outermost edge of each line is the restricting boundary and shall meet the dimensions defined in the rules. All lines on the field shall be white and marked with a material that is not injurious to the eyes or skin. Lime or caustic material is prohibited.

ART. 9 . . . Any game started on a non-regulation facility shall not be protested for this reason. Once a game has started, if it is discovered by or brought to the attention of the umpire that the pitching distance, base distances or batter's boxes are incorrect, the correction shall be made immediately. The game shall continue and shall not be protested for this reason.

ART. 10 . . . When planning a new field, the following factors should be fully studied and applied: protection for contestants (batter, catcher, pitcher and others in that order); comfort and safety for spectators; season of use; latitude (North to South); East-West geographic location within time zone; prevailing winds; daylight savings time; background and obstacles or barriers.

BASE AND PITCHING MEASUREMENT - 60' BASES
• FAST PITCH •
SLOW PITCH 12" BALL

Figure 1-3

ART. 11 . . . When laying out a new softball diamond, it is recommended that the line from home plate through the pitcher's plate to second base run east-northeast. Designate a point for the apex (rear tip) of home plate. Using a steel tape or a strong cord which will not stretch, measure in an east-northeast direction exactly 84 feet 10¼ inches for fast pitch (60-foot bases) or 91 feet 11 inches for slow pitch (65 foot bases and 11-inch ball). This will be the center of second base. With the tape still secured at the rear point of home plate, measure 60 feet toward the first-base area and mark a short arc. Measure 60 feet toward the third-base area and mark a short arc. Fasten the tape at the center of second base and measure 60 feet toward first and third bases and

strike arcs. Where these arcs intersect the first two arcs struck at first and third bases will be where first and third bases will be located. (See [Figure 1-1](#) to see how first and third bases are placed and also how second base is different by being centered on the 60-foot distance from each of first and third bases.) When measuring the distance to first base or third base, measure from the apex of home plate to the back edge of the base. If a skinned infield is used (which is recommended), the area is determined by measuring a 60-foot arc from the front center of the 46-foot pitcher's plate, even if other pitching distances are used.

SECTION 2 BASES, PLATES

ART. 1 . . . First, second and third base shall be white bags made of canvas (filled with a soft material), molded rubber or synthetic material and shall be securely attached to the ground or an anchor system. Each base shall be 15-inches square, two to five inches thick and may have tapered edges.

NOTE: By state association adoption, a double first base is permitted. The base shall be a one- or two-piece unit, 15 inches by 30 inches and manufactured to be of equal height. The base in foul territory shall be a color other than white. ([8-10](#))

ART. 2 . . . Home plate shall be a 5-sided slab of whitened rubber or other suitable similar material. It shall be a 17-inch square with two of the corners filled in so that one edge is 17 inches long, two are 8½ inches and two are 12 inches. It shall be set flush with the ground in fair territory with the two 12-inch edges coinciding with the foul lines extending from home plate to first base and third base and with the 17-inch edge facing the pitcher's plate.

ART. 3 . . . The pitcher's plate shall be a rectangular slab of whitened rubber or suitable material, 24 inches by 6 inches. It shall be set in the ground with the top flush with the playing surface as shown in [Figure 1-2](#) so that the distance between the nearer edge of the pitcher's plate and the apex of home plate shall be 43 feet for female fast pitch, 46 feet for male fast pitch and male and female slow pitch, and 50 feet when an 11-inch ball is used in slow pitch.

SECTION 3 SOFTBALLS

ART. 1 . . . The ball(s) shall be an optic yellow sphere formed by either solid core or number one long-fiber Kapok or yarn wound around a small core of cork, rubber, polyurethane or similar material, and covered with a flat surface or a smooth seam stitch.

ART. 2 . . . The cover of the ball shall be made of number one chrome-tanned, horsehide or cowhide that will be solidly cemented to the ball. The cover is also sewn on the ball with a waxed cotton or linen thread. Synthetic composition material may also be used for the cover.

ART. 3 . . . The ball specifications shall be as stated in Table 1-1.

Table 1-1

PLAY	SIZE	COR	COMPRESSION	WEIGHT & CIRCUMFERENCE
Slow Pitch	11"	.44 max	375 lbs. max	5 7/8 to 6 1/8 ounces 10 7/8 to 11 1/4 inches
Slow Pitch	12"	.44 max	375 lbs. max	6 1/4 to 7 ounces 11 7/8 to 12 1/4 inches
Fast Pitch	12"	.47 max	375 lbs. max	6 1/4 to 7 ounces 11 7/8 to 12 1/4 inches

NOTES:

1. The dynamic stiffness of 12" softballs shall not exceed 7,500 pounds/inch and 11" softballs shall not exceed 9,500 pounds/inch when tested under current ASTM test methods.

2. (S.P.) By state association adoption, an 11-inch ball shall be used in girls slow pitch and the bases shall be 65 feet (see [1-1-2a](#)).

ART. 4 . . . The coefficient of restitution and compression shall be labeled on all balls.

ART. 5 . . . The specifications of color, COR and compression shall be identical for all balls used for each game.

ART. 6 . . . Any defacing, treatment or device that would change the ball specifications listed in [1-3-3](#) are prohibited and render the ball illegal.

ART. 7 . . . The home team shall provide enough new balls to permit the game to proceed without unnecessary delay.

ART. 8 . . . The NFHS Authenticating Mark shall be on each ball as shown in [Figure 1-4](#). The mark can be displayed in either format. A current list of NFHS authenticated products can be found on the Web site, nfhs.org.

Figure 1-4

SECTION 4 GLOVES/MITTS

ART. 1 . . . Gloves/mitts shall:

- a. Be a maximum of two colors excluding lacing and manufacturer's logo colors. Lacing shall not be the color of the ball.
- b. Not be entirely optic in color.
- c. Not have an optic-colored marking on the outside or inside that gives the appearance of the ball.
- d. Be permitted to have one American flag not to exceed 2 inches by 3 inches.
- e. Not be judged as distracting by the umpire.

Figure 1-5

ART. 2 . . . The catcher shall wear a glove/mitt of any size. Gloves/mitts shall be worn by all other fielders and conform to the following maximum specifications (See [Figure 1-5](#)):

- a. Height measured from the bottom edge or heel straight up across the center of the palm to a line even with the highest point of the glove/mitt: 14 inches
- b. Width of palm measured from the bottom edge of the webbing farthest from the thumb in a horizontal line to the outside of the little finger edge of the glove/mitt: 8 inches
- c. & d. Webbing measured across the top end, or along any line parallel to the top: 5³/₄ inches

ART. 3 . . . Gloves/mitts shall not be designed or altered to create an adhesive, sticky and/or tacky surface.

ART. 4 . . . An illegal glove/mitt shall be replaced immediately ([8-8-15](#)).

SECTION 5 BATS

ART. 1 . . . The bat shall:

- a. Be one piece, multi-pieces and permanently assembled, or two pieces with interchangeable barrel construction.
- b. Not have exposed rivets, pins, rough or sharp edges or any form of exterior fastener that would present a hazard.
- c. Be free of rattles, dents, burrs, cracks and sharp edges. Bats that are broken, altered or that deface the ball are illegal. Materials inside the bat or treatments/devices used to alter the bat specifications and/or enhance performance (e.g., shaving, rolling or artificially warming the bat barrel) are prohibited and render the bat illegal.
- d. Meet the 2004 ASA Bat Performance Standard, bear either the 2000 or 2004 certification mark (see [Figure 1-6](#)) and not be listed on the ASA non-approved bat list as found on www.asasoftball.com. Bat barrels made entirely of wood are permitted and need not bear an ASA mark, but shall not exceed 2¼ inches in diameter.

Figure 1-6

ART. 2 . . . The bat shall consist of the following components (see [Figure 1-7](#)):

- a. Knob. The knob may be molded, lathed, welded or permanently fastened. Devices, attachments or wrappings that cause the knob to become flush with the handle are permitted. The knob may be covered with grip tape. A one-piece rubber knob and bat grip combination is illegal.
- b. Handle/Grip. The bat handle is the area of the bat that begins at, but does not include the knob and ends where the taper begins to increase in diameter. The handle shall have a round or oval cross-section. The grip shall extend a minimum of 10 inches, but not more than 15 inches, from the small end of the bat. A safety grip shall be made of cork, tape (no smooth, plastic tape) or composition material (commercially manufactured). Resin, pine tar or spray substances to enhance the hold are permitted on the grip only.
- c. Taper. The taper is the transition area which connects the narrower handle to the wider barrel portion of the bat. The taper shall have a solid surface and shall have a conical shape. Its length and material may vary.
- d. Barrel. The barrel is the area intended for contact with the pitch; the barrel shall be round

cylindrically symmetric with a smooth contour.

e. End Cap. The end cap is made of rubber, vinyl, plastic or other approved material. It shall be firmly secured and permanently affixed to the end of the bat so that it cannot be removed by anyone other than the manufacturer, without damaging or destroying it. A one-piece construction bat will not have an end cap.

Figure 1-7

ART. 3 . . . Warm-up bats used in the on-deck circle shall have all parts permanently and securely attached at the time of manufacture and at the time of use. No more than two bats shall be used when warming up in the on-deck circle. Devices added to a bat for warm-up purposes shall be commercially manufactured specifically for a softball bat and shall be securely attached, so as not to disengage during use. Such devices shall take, but not exceed, the general shape and size of a bat including the grip.

SECTION 6 BATTING HELMETS

ART. 1 . . . A batting helmet with a permanently affixed NOCSAE stamp ([Figure 1-8](#)) and legible exterior warning label is mandatory for each batter, on-deck batter, players/students in the coach's boxes, runners and retired runners. The exterior warning label may be affixed to the outside of the helmet, which includes both sides of the bill, in either sticker form or embossed (at the time of manufacture). The batting helmet shall have a non-glare (not mirror-like) surface.

Figure 1-8
Manufacturer Certifies

ART. 2 . . . The batting helmet is required to be worn while the ball is live and in live-ball territory until the ball enters dead-ball territory without being touched by a fielder or after being touched, goes directly into dead-ball territory ([3-6-1](#)).

ART. 3 . . . Non-adult bat/ball shaggers shall wear batting helmets while in live-ball area, even if the ball is dead. A violation while in live-ball area shall result in a warning to the coach of the team and the individual. A subsequent violation shall result in the individual and coach not being permitted on the field.

ART. 4 . . . The batting helmet shall have extended ear flaps which cover both ears and temples.

ART. 5 . . . Batting helmets that are broken, cracked, dented, or that have been altered are prohibited from use.

ART. 6 . . . All fast-pitch batting helmets shall be equipped with a NOCSAE approved face protector. The phrase, "Meets NOCSAE Standard at the time of manufacture" must be permanently affixed to the face protector.

ART. 7 . . . If an eye shield is worn attached to the batting helmet, it must be constructed of a molded rigid material that is clear and permits 100 percent (no tint) allowable light transmission.

SECTION 7 CATCHER'S EQUIPMENT

ART. 1 . . . The catcher shall wear a catcher's helmet and mask combination that meets the NOCSAE standard at the time of manufacture. The helmet shall bear the permanent NOCSAE seal (Figure 1-9). A throat protector that is part of or attached to the mask shall be worn and extend far enough to adequately protect the throat. An attached throat protector shall be commercially manufactured, properly attached, unaltered and worn properly. Plastic visors attached to the catcher's helmet are prohibited. If an eye shield is worn attached to the catcher's helmet, it must be constructed of a molded, rigid material that is clear and permits 100 percent (no tint) allowable light transmission. The catcher's helmet shall have a non-glare (not mirror-like) surface.

Figure 1-9
Manufacturer Certifies

ART. 2 . . . The catcher shall wear a body protector, baseball/softball protective shin guards, and a protective cup (male).

ART. 3 . . . (F.P.) Any non-adult warming up a pitcher at any location within the confines of the field shall wear an approved catcher's helmet and mask combination and throat protector.

SECTION 8 OTHER EQUIPMENT

ART. 1 . . . Non-traditional game equipment must be reviewed by the NFHS Softball Rules Committee before it will be permitted.

ART. 2 . . . Defective equipment shall be repaired or replaced immediately.

ART. 3 . . . Loose equipment of the teams may not be on or near the field. A discarded bat by the batter or the catcher's mask and helmet are not examples of loose equipment. They are considered part of the playing field.

ART. 4 . . . Defensive players are permitted to wear face/head protection in the field, except as in [3-2-14](#), and as specifically required in [1-7](#). Face/head protection worn by defenders shall have a non-glare (not mirror-like) outer surface.

ART. 5 . . . All equipment shall be worn properly and as designed by the manufacturer. Any equipment judged by the umpire to be potentially dangerous is illegal.

ART. 6 . . . The use of electronic devices by team personnel to transmit or record information pertaining to their players or team's performance shall be permitted within the team's dugout/bench area only. Information obtained from an electronic device may be used for coaching purposes during the game.

Rule 2 Definitions

SECTION 1 APPEALS

ART. 1 . . . A play or rule violation on which the umpire does not make a ruling until requested by a coach or player (as in [7-1-2](#); [8-6-6 through 9](#)).

ART. 2 . . . Types of appeals:

- a. Missing a base, either advancing or returning (live or dead-ball appeal).
- b. Leaving a base on a caught fly ball before the ball is first touched (live or dead-ball appeal).
- c. Batting out of order (dead-ball appeal only).
- d. Attempting to advance to second base after making the turn at first base overrunning first base (live-ball appeal only).

ART. 3 . . . Methods by which an appeal may be made:

- a. **Live.** An appeal may be made during a live ball by any fielder in possession of the ball touching the base missed or left too soon on a caught fly ball, or by tagging the runner committing the violation if she is still on the playing field (even if she is standing on another base).
- b. **Dead.** The dead-ball appeal may be made:
 1. Once all runners have completed their advancement and time has been called, the coach or any defensive player, with or without the ball, may make a verbal appeal on a runner missing a base or leaving a base too soon on a caught fly ball. The administering umpire should then make a decision on the play.
 2. If the ball has gone out of play, runners must be given the opportunity to complete their base running responsibilities before the dead-ball appeal can be made.
 3. If the pitcher has possession of the ball and is in contact with the pitching plate when making a verbal appeal, no illegal pitch is called.
 4. If "play ball" has been declared by the umpire and the pitcher then requests an appeal, the umpire would again call "time" and allow the appeal.

ART. 4 . . . When. Appeals must be made:

- a. before the next legal or illegal pitch;
- b. at the end of a half-inning, before all infielders have left fair territory and the catcher vacates her normal fielding position; or

c. on the last play of the game, before the umpires leave the field of play.

NOTE: If any situation arises which could lead to an appeal by the defense on the last play of the game, umpires should not leave the field until all infielders have left fair territory and the catcher has vacated her normal fielding position. If teams line up to shake hands there is little chance for an appeal even if the defensive infielders have not crossed the foul line and umpires can leave the game at this point. No appeal can be made once the umpires have left the field.

ART. 5 . . . Advance. Runners may advance during a live-ball appeal play. If the ball is not dead in fast pitch, each runner may leave her base when the pitcher no longer has possession of the ball within the 16-foot circle, or when the pitcher makes a play on any runner. If the ball is thrown out of play on a live-ball appeal, appropriate bases should be awarded but the appeal can still be made as a dead-ball appeal once runners have taken their award. If a play is made on a runner prior to completing the live-ball appeal, the appeal can still be made after the play. If time-out is requested for an appeal, the umpire should grant it in either fast pitch or slow pitch, and runners may not advance until the next pitch.

ART. 6 . . . May Not Return. A runner may not return to touch a missed base or one left too soon on a caught fly ball if:

- a. she has reached a base beyond the base missed or left too soon and the ball becomes dead.
- b. she has left the field of play; or
- c. a following runner has scored.

ART. 7 . . . Awards. Awarded bases must be touched. An appeal must be honored even if the base missed was before or after an award.

ART. 8 . . . More Than One Appeal. More than one appeal play may be made but guessing games should not be allowed.

EXAMPLE: The runner misses second base by a step but just touches the corner of third base. Even though an appeal is made at third (the umpire called the runner safe), an appeal may be made at second on the same runner.

ART. 9 . . . Plate and Missed Tag. If a runner misses home plate and the catcher misses the tag, the umpire should hesitate slightly. If no tag is made, the umpire should declare the runner safe. If an appeal play is then made by tagging either the runner or home plate, the umpire should then make a decision on this appeal play.

ART. 10 . . . Missing First Base Before the Throw Arrives. If a runner passes first base before the throw arrives, she is considered to have touched the base unless an appeal is made. If an appeal is made, it must be made prior to the runner returning to first base while the ball is live.

ART. 11 . . . Force Out. If an appeal is honored at a base to which a runner was forced to

advance, no runs would score if it was the third out.

ART. 12 . . . Tag-ups. If a runner leaves a base too soon on a caught fly ball and returns in an attempt to retag, this is considered a time play and not a force out. If the appeal is the third out, all runs scored by runners in advance of the appealed runner and scored before the legal appeal would count.

ART. 13 . . . Fourth-out Appeal. An appeal may be made after the third out as long as it is made properly. (i.e. one out with runner on first and third. The batter hits a fly ball that is caught. Each runner leaves her base before the caught ball is touched. An appeal is made at first base for the third out. The defensive team then makes an appeal at third base before the infielders leave the infield. The runner on third would then be declared out also, and the run would not count.)

SECTION 2 BALL, BATTED, BLOCKED, DEAD, DELAYED DEAD, FLY, GROUND, PASSED, ROTATION

ART. 1 . . . Ball. The ball is one of the playing implements. The term is also used to designate a pitch that is not a strike.

ART. 2 . . . Batted Ball. A batted ball is any pitch that comes in contact with the bat. Contact may result in a fair or foul ball and need not be intentional.

ART. 3 . . . Blocked Ball. A blocked ball is a live ball, pitched, batted or thrown, which is touched, stopped or handled by a person not engaged in the game; or touches any object which is not part of the official equipment or official playing area; or touches loose equipment.

ART. 4 . . . Dead Ball. A dead ball is a ball not in play.

ART. 5 . . . Delayed Dead Ball. A situation in which a violation of a rule occurs and is recognized by the umpire by giving a delayed dead-ball signal, but is not ruled upon until the ball becomes dead.

ART. 6 . . . Fly Ball. A fly ball is a batted ball that rises an appreciable height above the ground.

ART. 7 . . . Ground Ball. A ground ball is a batted ball that is either fair or foul and bounces along the ground.

ART. 8 . . . Passed Ball. A passed ball is a pitch the catcher fails to stop or control when she should have been able to do so with ordinary effort on which a runner (other than the batter) is able to advance.

ART. 9 . . . Ball Rotation. Ball rotation determines which of the balls should be in play.

SECTION 3 BASE LINE, PATH

ART. 1 . . . Base Line. A direct line between two consecutive bases.

ART. 2 . . . Base Path. The traditional path traveled by a runner who is attempting to advance to the next base. It is defined by a direct line between two bases and three feet on either side of that line, unless a fielder has the ball in her possession and she is within three feet of the runner and prepared to apply a tag. A base runner who attempts to avoid a tag by running more than three feet to either side of a fielder with the ball in her possession shall be declared out.

NOTE: A runner establishes her own base path when she is not being played upon.

SECTION 4 BAT: LEGAL, ILLEGAL

ART. 1 . . . Legal Bat. A bat that meets the specifications listed in [Rule 1-5](#).

ART. 2 . . . Illegal Bat. A bat that does not meet the specifications in [Rule 1-5](#) and subject to penalty as in [7-4-2](#), including:

- a. **Altered Bat.** A bat that was once legal, but has been structurally changed including, but not limited to: shaving, rolling or artificially warming the bat barrel.
- b. **Non-approved Bat.** A bat that does not meet ASA specifications and has been placed on the current non-approved bat list (www.asasoftball.com).

SECTION 5 BATTER, BATTER-RUNNER, ON-DECK BATTER

ART. 1 . . . Batter. The batter is the player of the team at bat who is entitled to occupy either of the two batter's boxes.

ART. 2 . . . Batter-runner. The batter-runner is a player who has finished her time at bat until she is put out or playing action ends.

ART. 2 . . . Batting Out of Order. Batting out of order is failing to bat in proper sequence as listed on the official lineup card.

SECTION 8 BUNT, ATTEMPTED BUNT, DRAG BUNT

ART. 1 . . . Bunt. A bunt is a legally batted ball not swung at but intentionally tapped with the bat.

ART. 2 . . . Attempted Bunt. Any non-swinging movement of the bat intended to tap the ball into play. Holding the bat in the strike zone is considered a bunt attempt. In order to take a pitch, the bat must be withdrawn – pulled backward and away from the ball.

ART. 3 . . . Drag Bunt. A drag bunt is attempting to bunt the ball by running forward in the batter's box, carrying the bat with her. The movement of the bat is in conjunction with the batter's forward movement.

SECTION 9 CATCH

ART. 2 . . . In establishing the validity of the catch, the fielder must prove she has control of the ball and that her release of the ball is voluntary and intentional.

ART. 3 . . . If the fielder has made the catch but drops the ball either in transferring it to the throwing hand or in making a throw, the ball shall be ruled caught.

ART. 4 . . . For a legal catch, a fielder must catch and have secure possession of the ball before stepping, touching or falling into a dead-ball area. A fielder who falls over or through the fence after making a catch shall be credited with the catch. A fielder who catches a ball while contacting or stepping on a collapsible fence, which is not completely horizontal, is credited with a catch.

ART. 5 . . . A catch shall not be credited if:

- a. A fielder catches a batted, pitched or thrown ball with anything other than her hand(s) or glove/mitt in its proper place.
- b. Immediately following a catch, the fielder collides with another player, umpire or fence or falls to the ground and fails to maintain possession of the ball.
- c. The fielder uses any equipment or part of her uniform that is displaced from its proper position.
- d. An entire foot is touching dead-ball territory at the time of the catch.
- e. The ball strikes anything or anyone other than a defensive player while it is in flight. In this case the ball is ruled a ground ball.
- f. The fielder traps the ball. A batted fly ball or line drive is considered trapped if it hits the ground or a fence on a short hop before being caught. A thrown ball is considered trapped if it is on the ground and the glove/mitt or hand is over it, and the player does not have control. A pitched ball is considered trapped if it is a strike but touches the ground on a short hop before being caught by the catcher.

ART. 6 . . . A ball prevented from hitting the ground by a player's equipment (providing it is in its proper place) or body shall not be ruled caught until the ball is securely held in the player's hand(s) or glove/mitt.

The catcher's box is a rectangle 10 feet deep from the rear outside corner of the batter's boxes and is 8 feet, 5 inches wide. ([Fig. 1-1](#))

SECTION 11 CHECKED SWING

A checked swing is the restraining action taken by a batter to stop an attempted hit/slap/bunt. As an aid in determining a checked swing, the umpire shall note whether the swing carried the barrel portion of the bat in front of the batter's body and in the direction of the infield. However, the final decision is based on whether the bat actually struck at the ball.

SECTION 12 CHOPPED HIT BALL (S.P.)

A chopped hit ball (S.P.) is an ILLEGALLY hit ball which is struck with a downward motion.

SECTION 13 COACHES BOX

The coaches box is the area to which the two base coaches (one per box) are restricted prior to release of the pitch. ([Fig. 1-1](#))

SECTION 14 CONFERENCES: CHARGED, PREGAME

- e. while over fair territory passes out of the playing field in flight.
- f. first falls or is first touched on or over fair territory beyond first, second or third base.

ART. 2 . . . A fair fly shall be judged according to the relative position of the ball and the foul line, including the foul pole, and not as to whether the fielder is in fair or foul territory at the time she touches the ball. It does not matter whether the ball first touches fair or foul territory as long as it does not touch anything foreign to the natural ground in foul territory and complies with all other aspects of a fair ball.

SECTION 21 FAKE TAG

An act by a defensive player that simulates an attempt to tag a runner. Faking a tag is always considered obstruction.

SECTION 22 FIELD OF PLAY, FAIR TERRITORY, FOUL TERRITORY, DEAD-BALL TERRITORY

ART. 2 . . . For a given runner, a force play ends as soon as the runner touches the next base or a following runner is put out.

ART. 3 . . . If a batted ball is caught before it touches the ground there can be no force play(s).

ART. 4 . . . If a forced runner, after touching the next base, except home, retreats for any reason towards the base she had first occupied, the force play is reinstated and she may again be put out if the defense tags the base to which she is forced.

SECTION 25 FOUL BALL, FOUL TIP

ART. 1 . . . Foul Ball. A foul ball is a batted ball that:

- a. settles or is touched on or over foul territory between home and first base, or between home and third base;

- f. touches the batter or the bat in the batter's hand(s) a second time while the batter is within the batter's box;
- g. goes directly from the bat to any part of the catcher's body or equipment and is caught by another fielder. ([5-1-1d2](#))

ART. 2 . . . Foul Tip. A foul tip is a batted ball that goes sharply and directly from the bat to the catcher's mitt or hand and is legally caught by the catcher. It is a strike. (In fast pitch, the ball remains live, but in slow pitch, the ball becomes dead.)

SECTION 26 GAME: HALTED, SUSPENDED, CALLED, REGULATION, FORFEITED

ART. 1 . . . Halted, Suspended Game. A halted or suspended game is a game that is temporarily suspended by the umpire with the intent that it will be continued at some later time or date. SECTION 29 INFIELD

The infield is that portion of the field in fair territory that is normally skinned and covered by the pitcher and infielders.

SECTION 30 INFIELD FLY RULE

Infield fly rule is, when declared by the umpire, a fair fly (not including a line drive or an attempted bunt) that can be caught by an infielder with ordinary effort when runners are on first and second or all three bases are occupied and before there are two outs in the inning. Any defensive player positioned in the infield at the time of the pitch shall be considered an infielder for the purposes of this rule. The rule does not preclude outfielders from being permitted to make the catch. The ball is live, the batter is out, which removes the force, but runners may advance at their own risk. The runners may tag up and advance as soon as the batted ball is touched by a fielder. If a declared infield fly becomes foul, it is treated as a foul ball, not an infield fly.

SECTION 31 INNING

An inning is that portion of a game within which the teams alternate on offense and defense and in which there are three outs for each team. A new inning begins immediately after the final out of the previous inning.

SECTION 32 INTERFERENCE (OFFENSE)

SECTION 36 OBSTRUCTION (DEFENSE)

Obstruction is the act of the defensive team member that hinders or impedes a batter's attempt to make contact with a pitched ball or that impedes the progress of a runner or batter-runner who is legally running bases, unless the fielder is in possession of the ball or is making the initial play on a batted ball. The act may be intentional or unintentional, physical or verbal.

SECTION 37 ON-DECK CIRCLE

The on-deck circle is a circle for each team, 5 feet in diameter, located a safe distance to the side and away from home plate. This circle should be at least 30 feet away from the home plate if space allows. (See [Figure 1-2](#))

SECTION 38 OUT, FORCE OUT, TAG OUT, PUTOUT

ART. 1 . . . Out. An out is a declaration by the umpire indicating an offensive player has been retired. Each team is entitled to three outs per inning.

ART. 3 . . . Tag Out. A tag out is putting out an offensive player, who is not touching a base, by touching the runner with a live ball or with the glove or hand when the live ball is securely held therein by a fielder. The ball is not considered as having been held securely if it is juggled or dropped after the touching unless the runner deliberately knocks the ball from the hand of the fielder.

ART. 4 . . . Putout. The act of a fielder retiring an offensive player.

SECTION 39 OUTFIELD

The outfield is that portion of fair territory that is beyond the infield.

SECTION 40 OVERSLIDING, OVERRUNNING, OVERWALKING

- b. Any action by a fielder who is attempting to catch or gain control of a batted or thrown ball.
- c. An attempt by a defensive player to retire a runner or a batter-runner.

ART. 3 . . . Initial Play. A fielder is considered to be making an initial play on a fair batted ball when she:

- a. Has a reasonable chance to gain control of a ground ball that no other fielder (except the pitcher) has touched. ([8-8-6](#))
- b. Has a reasonable chance to catch the ball in flight or catch the ball in flight after it touches another fielder.
- c. Fails to gain control of the batted ball and is within a step and a reach (in any direction) of the spot of the initial contact.

SECTION 48 RESTRICTED TO THE DUGOUT/BENCH AREA

“Restricted to the dugout/bench area” is the term used to indicate that a participant has been confined to the dugout/bench area for the remainder of the game, generally as a result of an infraction of a playing rule (not a major unsporting act).

ART. 2 . . . Retired Runner. A retired runner is a player who has scored, or who has been put out and who is still in live-ball territory.

SECTION 51 SLAP HIT

ART. 1 . . . A slap hit is a batted ball (often incorrectly called a "slap bunt") that has been struck with a short, chopping motion rather than with a full swing.

ART. 2 . . . The two most common types of slap hits are:

- a. Those in which the batter takes her stance as if to bunt but then either drives the ball into the ground with a quick, short swing or punches it over the infield.
- b. Those in which the batter takes running steps toward the pitcher before making contact with the pitch.

SECTION 52 SLIDE: LEGAL, ILLEGAL

ART. 1 . . . Legal Slide. A legal slide may be either feet first or head first. If a runner slides feet first, at least one leg and buttock shall be on the ground. If a runner slides, the runner shall be within reach of the base with either hand or a foot when the slide is completed.

ART. 2 . . . Illegal Slide. A slide is illegal if:

- a. the runner uses a rolling or cross-body slide into the fielder;
- b. the runner's raised leg is higher than the fielder's knee when the fielder is in a standing position;
- c. the runner goes beyond the base and makes contact with or alters the play of the fielder;
- d. the runner slashes or kicks the fielder with either leg; or
- e. the runner tries to injure the fielder.

SECTION 53 SQUEEZE PLAY (F.P.)

A squeeze play is a play in which a runner advances toward home plate from third, following the release of the pitched ball, and during which the batter bunts or attempts to bunt to score the runner.

ART. 1 . . . Strike. A strike is any pitch that either enters the strike zone without first touching the ground or is swung at by the batter and missed. A strike also may be called by the umpire for specific actions by the batter or offense as in [2-8-2](#), [3-6-17](#), [7-2-1](#) and [7-3-1](#).

ART. 2 . . . Strikeout. A strikeout is the result of a third strike charged to a batter.

ART. 3 . . . Strike Zone (F.P.). The strike zone (F.P.) is the space over home plate which is between the batter's forward armpit and the top of the knees when the batter assumes a natural batting stance. Any part of the ball passing through the strike zone in flight shall be considered a strike. The umpire shall determine the batter's strike zone according to the batter's usual stance.

ART. 4 . . . Strike Zone (S.P.). The strike zone (S.P.) is the space over any part of home plate which is between the batter's highest shoulder and the knees when the batter assumes a natural batting stance. Any part of the ball passing through the strike zone in flight shall be considered a strike. The umpire shall determine the batter's strike zone according to the batter's usual stance when swinging at a pitch.

SECTION 57 SUBSTITUTE, UNREPORTED, ILLEGAL

ART. 1 . . . Substitute. A substitute is a player not listed on the lineup as a starter but who may legally replace a starting player; any player who enters or reenters the game; the DP when the DP plays defense for the FLEX; or the FLEX when the FLEX plays offense for the DP.

ART. 2 . . . Unreported Substitute. An unreported substitute is a substitute who has a legal right to participate in the game but has not reported to the umpire prior to her participation ([3-6-7](#)). All substitutions must be reported to the umpire.

Team members are players listed on the team's roster and lineup as submitted to the umpire at the pregame meeting.

SECTION 59 TEAM PERSONNEL

SECTION 60 THREE-FOOT RUNNING LANE

The three-foot running lane is the space defined by a line drawn 3 feet from and parallel to the first base foul line starting halfway between home and first base and extending to first base in foul territory.

SECTION 61 “TIME” OR “TIME-OUT”

"Time" is the term used or directive given by the umpire to suspend play. The ball becomes dead when it is given.

SECTION 62 TIME AT BAT

The time at bat is the period beginning when a batter first enters the batter's box and continues until she is put out or becomes a batter-runner.

EXCEPTION: A batter is not charged in the record with a time at bat when she makes a sacrifice hit, is hit by a pitched ball, is awarded a base on balls, is replaced before being charged with two strikes, is replaced after being charged with two strikes and the substitute does not strike out, or when she advances to first base because of obstruction by a fielder.

SECTION 63 TIMING PLAY

A timing play is a play when the last out of an inning is not the result of a force out and the exact time of the out may or may not allow a run to score. If a runner should touch home base an instant before the last out (which is not a force out) is made, then the run would be scored. If a runner should touch home base an instant after the last out then no run would be scored.

SECTION 64 TOUCHING

Touching is contact with the ball, equipment or a person. There is no distinction between the act of touching and being touched. It applies to a pitched ball touching a batter, a batted ball touching the batter or any runner, catcher touching the bat, player touching a base, or ball touching a player or non-player. The term applies to contact with any part of the person or her clothing if the clothing is reasonably well fitted.

In fast pitch only, a team may use the Designated Player/Flex option (DP/FLEX). The use of a DP/FLEX (F.P.) and the EP (S.P.) is optional.

NOTE: (S.P.) In slow pitch, the extra player (EP) is able to go on defense at any time unless she takes the pitcher's position. In that case the pitcher shall have met the requirements set for the pitcher in [3-3-2 Note](#). When entering the game, the EP need only inform the umpire that she is the EP and who she is replacing.

ART. 2 . . . One or more players may be designated captain. The captain may represent the team in communications with umpires, provide the plate umpire with the team's lineup card, and inform all players as to special ground rules as announced by the plate umpire.

ART. 3 . . . The team's lineup card shall include first initial and last name, jersey number, position and batting order of each starting player and shall include each eligible substitute. Lineups become official after they have been exchanged, verified and then accepted by the plate umpire during the pregame conference.

PENALTY: After the lineup card has been submitted to and verified by the umpire and a change is subsequently made to a player/substitute name or number, or if a player/substitute is added to the lineup card, the umpire shall issue a team warning to the head coach of the team involved. Any further changes made to a player/substitute name or number results in the head coach being restricted to the dugout/bench area for the remainder of the game.

ART. 4 . . . A player is designated in the scorebook by name, jersey number and by fielding position. A customary arrangement of the fielders is shown in Figure 3-1.

Figure 3-1

The numbers may have a contrasting color border, which shall not exceed $\frac{1}{4}$ inch. No players on the same team shall wear identical numbers (0 and 00 are considered the same number).

ART. 3 . . . The school's official uniform (including uniform jersey, and/or pants/shorts/skirts, etc., visible undergarments, socks, stockings, caps and headwear) may bear only a single manufacturer's logo/trademark/reference (partial or whole) that does not exceed $2\frac{1}{4}$ square inches with no dimension exceeding $2\frac{1}{4}$ inches on each item.

ART. 4 . . . One American flag (2 inch x 3 inch maximum) may be worn on each item of uniform apparel, and either a commemorative or memorial patch, not to exceed 4 square inches and with written state association approval, may be worn on the jersey, provided neither the flag nor the patch interferes with the visibility of the number.

ART. 5 . . . Headwear (caps, visors, headbands, ribbons, etc.) may be mixed. If worn, they must be white, black, beige or school colors (the colors are not required to be the same for team members). The logo may be any color. Flat items, no longer than 2 inches, used to control the hair, such as bobby pins, barrettes and hair clips, are permitted. Plastic visors, bandannas and hair-beads are prohibited.

ART. 6 . . . Uniform sleeve lengths may vary among players. However, sleeves of each individual player shall be approximately the same length and shall not be ragged, frayed or slit.

ART. 7 . . . Exposed undergarments, if worn, are considered part of the official uniform. All exposed undergarments shall be black, white, gray or a solid school color.

ART. 10 . . . Players shall wear/utilize uniforms/equipment properly and as designed by the manufacturer.

PENALTY: (Arts. 1 through 10) Illegal equipment shall be removed. If the uniform violation can be corrected in a reasonable amount of time (as determined by the umpire), the violation shall be remedied before the player(s) may participate. If the violation cannot be corrected, the player(s) may participate and the umpire shall notify the head coach of the infraction upon discovery and refer the infraction to the state association.

ART. 11 . . . Shoes are required equipment. All players must wear shoes with plastic, nylon, canvas, leather or similar synthetic material uppers. The soles may be smooth, have soft or hard rubber cleats or rectangular metal cleats. Metal cleats shall not extend beyond $\frac{3}{4}$ of an inch from the sole and shall not be round. Shoes with detachable rubber or metal cleats that screw into the sole of the shoes are permitted.

NOTE: Metal toe plates are permitted.

ART. 12 . . . Players in the game are prohibited from wearing jewelry such as rings, watches, earrings, bracelets, necklaces (including cloth or string types) or other hard cosmetic or decorative items. Religious and medical-alert medals are not considered jewelry. A religious medal must be taped and worn under the uniform. A medical-alert medal must be taped and may be visible. ([3-6-1](#))

ART. 13 . . . Hard and unyielding items (guards, casts, braces, splints, etc.) must be padded with a closed-cell, slow-recovery foam padding no less than $\frac{1}{2}$ " thick. Knee and ankle braces which are unaltered from the manufacturer's original design/production do not require any additional padding/covering.

NOTE: Each state association may, in keeping with applicable laws, authorize exceptions to NFHS playing rules to provide reasonable accommodations to individual participants with disabilities and/or special needs, as well as those individuals with unique and extenuating circumstances. The accommodations should not fundamentally alter the sport, heighten risk to the athlete/others or place opponents at a disadvantage.

ART. 14 . . . Any equipment judged by the umpire to be potentially dangerous is illegal.

Penalty: (Section 2) See [3-6-1 Penalty](#).

SECTION 3 SUBSTITUTING

ART. 1 . . . A player who is not listed as an eligible substitute on the lineup card shall not be prohibited from playing, see [3-1-3 Penalty](#).

ART. 2 . . . A substitute may replace any player when the ball is dead or time has been called. The substitute or coach shall report to the plate umpire at the time of the change by stating name and shirt number of the:

- a. player entering the game for the first time.
- b. player re-entering.
- c. FLEX who is batting for the DP.
- d. DP who is playing defense for the FLEX.
- e. player entering the game as a courtesy runner or being replaced in the batting order and the position to be occupied in the field if the player is not a courtesy runner.

NOTE: A pitcher may be removed as a pitcher and return as a pitcher only once per inning provided the return does not violate either the substitution or charged conference rule.

ART. 3 . . . The plate umpire shall record all substitutions on the lineup card and then announce immediately any change(s) to the opposing team's head coach. Projected substitutions are not permitted. If there is no announcement of substitutions, a substitute has entered the game when:

- a. a runner takes the place of a runner she has replaced.
- b. a pitcher takes her place on the pitcher's plate.
- c. a fielder reaches the position usually occupied by the fielder she has replaced.
- d. a batter takes her place in the batter's box.
- e. and, in each of the above situations, when the ball is declared live by the plate umpire.

ART. 4 . . . A substitute or courtesy runner shall not enter the contest unreported. ([3-6-7 Penalty](#), [8-9-7](#))

ART. 5 . . . Any player, starter or substitute may be withdrawn from the game and re-entered once, provided such player occupies the same batting position whenever in the lineup. A starter and any substitute for a starter may not be in the game at the same time. A violation results in illegal substitution.

ART. 6 . . . (F.P.) A team may use the DP/FLEX option provided it is made known at the pregame conference.

- a. The DP's name is indicated on the lineup as one of the nine hitters in the batting order.
- b. The name of the player for whom the DP is batting (FLEX) will be placed in the 10th position in the lineup.
- c. The DP must remain in the same position in the batting order for the entire game.
- d. The DP may be substituted for at any time by a legal substitute or the FLEX may play offense for the DP. In either case, the DP will leave the game. If replaced by a substitute, the DP position remains in the lineup. A starting DP may re-enter one time, provided the DP returns to the original position in the batting order.
 1. If replaced by the FLEX, this reduces the number of players from ten (10) to nine (9). The game may legally end with nine (9) players.
 2. If the DP re-enters or a substitute enters as the DP and the FLEX was batting in the DP's spot, the FLEX can: a) return to the number 10 position and play defense, or b) leave the game if the DP plays defense for the FLEX.
- e. The DP may play defense at any position. Should the DP play defense for a player other than the FLEX, that player will continue to bat but not play defense, and is not considered to have left the game. The DP may play defense for the FLEX and the FLEX is considered to have left the game, reducing the number of players from ten to nine.
- f. The FLEX may be substituted for at any time by a legal substitute or the DP may play defense for the FLEX. In either case, the FLEX will leave the game. If replaced by a substitute, the FLEX position remains in the lineup. The FLEX may re-enter the game one time provided she returns to the tenth position in the lineup.
 1. If replaced by the DP, this reduces the number of players from ten (10) to nine (9). The game may legally end with nine (9) players.
 2. If the FLEX re-enters or a substitute enters as the FLEX and the DP was playing defense in the FLEX player's spot, the DP can return to batting only, play defense for another player or leave the game if the FLEX plays offense for the DP.
- g. Placing the FLEX into one of the first nine positions for someone other than the DP's position is considered an illegal substitution. The illegal substitute shall be removed from the game and restricted to the dugout/bench. See [Rule 2-57-3](#) and [3-4](#) for additional penalties.

ART. 7 . . . (S.P.) By state association adoption, a team may use an 11th player called an Extra Player (EP).

- a. An Extra Player is optional. If one is used, it must be made known prior to the start of the game and the player must be listed on the lineup card in the regular batting order.

- b. The EP must remain in the same position in the batting order for the entire game.
- c. If the EP is used, all 11 players must bat and any 10 may be used on defense. Defensive positions may be changed, but the batting order must remain the same.
- d. The EP may be substituted for at any time, either by a pinch runner or by a pinch hitter, who then becomes the EP. The substitute must be a player who has not been in the game. The starting EP may re-enter in the same spot in the batting order.

ART. 8 . . . If a team is playing with 9 (F.P.), 10 (S.P. or F. P. if DP/FLEX is used), or 11 (S.P. if an EP is used) and there are no available substitutes when a runner advancing on an awarded base or after reaching base is unable to continue:

- a. The previous batter not on base is allowed to replace that player as a temporary runner until she is put out, scores or the half-inning ends.
- b. When the player who could not continue is scheduled to bat, an out shall be called.
- c. When the half-inning ends and the team assumes a defensive position, refer to [4-3-1g](#).
- d. Once a team has gone short-handed and another eligible player is available, that player may fill the empty space in the lineup.

ART. 9 . . . Any player who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the game and shall not return to play until cleared by an appropriate health-care professional. (See [NFHS Suggested Guidelines for Management of Concussion in Appendix B](#).)

ART. 10 . . . A coach or athlete who is bleeding, has an open wound, has any amount of blood on the uniform, or has blood on his/her person, shall be directed to leave the game until the bleeding is stopped, the wound is covered, the uniform and/or body is appropriately cleaned, and/or the uniform is changed before returning to competition. If medical care or treatment can be administered in a reasonable amount of time, the individual does not have to leave the game. The length of time that is considered reasonable is umpire judgment. The re-entry rule would apply to players taken out of the game for this rule. (See [Communicable Disease Procedures](#)).

SECTION 4 ILLEGAL SUBSTITUTE

ART. 1 . . . Illegal offensive or defensive players may be discovered by the umpire or either team anytime after the ball becomes live and an illegal substitute has taken a position as:

- a. a runner she has replaced or as a batter in the batter's box;
- b. a pitcher on the pitcher's plate, or as a fielder reaching a position usually occupied by the fielder being replaced; or
- c. a courtesy runner if that player has violated the courtesy-runner rule.

PENALTY: (Art. 1) Restricted to the dugout/bench for the remainder of the game. (Art. 1a, c) She is also called out.

ART. 2 . . . Illegal offensive players may be discovered:

- a. when in the batter's box, the ball is live and/or before the batter-runner reaches first base, or is put out and before a pitch is delivered to the next batter of either team;
- b. when the illegal batter-runner or runner advances, scores or causes a play to be made that allows another runner(s) to advance or score, and the infraction is detected before the next pitch by either team;
- c. when an illegal batter-runner or runner advances, scores or causes a play to be made that allows another runner(s) to advance or score, and the infraction is detected after the next pitch by either team;
- d. in a game-ending play prior to all infielders and/or umpires leaving the diamond.

PENALTY: (Art. 2) The illegal substitute is restricted to the bench/dugout for the remainder of the game. (Art. 2a, b) She is called out. (Art. 2c, d) If still on base, she is called out. (Art. 2a) The proper batter is considered to have lost her turn at bat. The next proper batter shall bat. (Art. 2b, d) Play is nullified. Outs made on play stand. Runners not put out return to base(s) occupied at the time of the pitch. (Art. 2c) Play stands.

NOTE: The penalty for illegal substitution takes precedence over the batting-out-of-order penalty.

ART. 3 . . . Illegal defensive player is discovered before the next pitch to either team when:

- a. involved in a play with batted ball;
- b. a non-batted ball is handled or touched by an illegal substitute that leads to a runner being put out;

c. a non-batted ball is handled or touched by an illegal substitute that alters the play, but no runner is put out (i.e., on an overthrow on a stealing runner, the illegal substitute retrieves ball and prevents runner from advancing farther).

PENALTIES: (Art. 3)

1. The illegal player/substitute shall be restricted to the dugout/bench for the remainder of the game. (Art. 3a, b) Team on offense has option of taking the play or accepting the penalty (out is nullified, runners return to base occupied at time of pitch.) (Art. 3c) Umpire may award bases based on his/her judgment and the circumstances concerning the play. (Art. 3a) The batter is allowed to bat again with the same count. (Art. 3b, c) The pitch is canceled if it is a strike or stands if it is a ball.

2. After another pitch, all play stands but the illegal player/substitute is still restricted to the dugout/bench for the remainder of the game.

3. Any time a non-batted ball is handled or touched by an illegal substitute and does not lead to a runner being put out or alter a play, the play stands and the illegal substitute is restricted to the dugout/bench.

SECTION 5 COACHING

ART. 1 . . . Prior to the start of the game at the pregame conference, a head coach shall be responsible for verifying to the plate umpire that the lineup card is correct, all his/her players are legally equipped, and that players and equipment are in compliance with all NFHS rules.

PENALTY: (Art. 1) The game may not begin until the head coach attends the pregame conference and fulfills the responsibilities noted above. See also [Rule 3-1-3](#).

NOTE: Although umpires have the duty and right to inspect equipment, the responsibility for proper equipment rests with coaches, student-athletes and their parents/guardians.

ART. 2 . . . Any member of the team at bat who has not been restricted or ejected may occupy each coach's box while that team is at bat. The person in the coach's box may address base runners or the batter.

ART. 3 . . . Any time a coach is in live-ball area to confer with players or an umpire, or to occupy a coach's box, the coach shall be attired in school uniform or jersey/coaching shirt with coaching shorts/slacks or warm-up suits (including fleece warm-ups) in school colors or colors of khaki, black, white or gray. Cut-offs or any type of jeans are prohibited. Jackets are not considered part of the coach's uniform.

PENALTY: (Art. 3) A coach not dressed in appropriate attire shall not be permitted in the field of play following the pregame conference for the duration of the game or until the situation has been remedied.

ART. 4 . . . A coach shall not physically assist a runner during playing action.

PENALTY: (Art. 4) The runner is out and the ball is in play. ([8-6-5](#))

ART. 5 . . . Offensive team personnel, other than the base coach, shall not be near a base to which a runner is advancing or returning; nor shall anyone fail to vacate any area (including a coach's box) needed by a fielder in an attempt to put out a batter or runner.

PENALTY: (Art. 5) The ball is dead. The runner closest to home is out and all runners not out must return to the last base touched at the time of the interference.

EXCEPTION: If a thrown live ball accidentally touches a base coach in the coach's box, or a pitched or thrown ball touches an umpire, the ball is live and in play.

ART. 6 . . . Offensive team members (excluding a runner or retired runner) shall not interfere with a fair batted ball or foul fly ball.

PENALTY: (Art. 6) The ball is dead immediately and the batter is out. If, in the judgment of the umpire, the interference prevented a possible double play, the batter and runner closest to home shall be declared out. Other runners shall be returned to the last base touched at

the time of interference. ([7-4-12](#); [7-5-4](#); [8-6-16](#))

ART. 7 . . . A coach may leave the bench/dugout to attend to a player who becomes ill or injured if recognized by the umpire.

SECTION 6 BENCH AND FIELD CONDUCT

ART. 1 . . . Team personnel shall wear or use legal and/or required equipment. ([1-4](#), [5](#), [6](#), [7](#); [3-2](#); [3-5-1](#))

PENALTY: (Art. 1) Illegal equipment shall be removed or made legal. The umpire shall issue a team warning. The next offender and the head coach shall be restricted to the dugout/bench for the remainder of the game. See also [7-4-2](#).

ART. 2 . . . A player shall not fake a tag without the ball.

ART. 3 . . . A team member shall not carelessly throw a bat.

ART. 4 . . . Hitting the ball to teammates on defense is prohibited after the game has started.

ART. 5 . . . Entering the area behind the catcher while the opposing pitcher and catcher are in their positions is prohibited.

ART. 6 . . . Only the batter, runner(s), on-deck batter, coaches in the coach's box, bat/ball shaggers or one of the nine players on defense (S.P. 10) are permitted to be outside the designated dugout/bench or designated warm-up areas. ([3-5-7](#))

NOTE: Bench personnel are permitted to engage in throwing and running activities during the one minute designated for the pitcher to throw her five warm-up pitches at the beginning of each half inning.

ART. 7 . . . Players and substitutes shall not enter the contest unreported.

ART. 8 . . . Use of amplifiers, electronic devices that amplify the voice or bullhorns for coaching purposes during the course of the game is prohibited.

ART. 9 . . . Team personnel shall not call "time" or use any command or commit any act for the purpose of causing an illegal pitch.

ART. 10 . . . Objects, other than stopwatches and scorekeeping materials/devices, in the coach's box are prohibited.

PENALTY: (Arts. 2 through 10) The umpire shall issue a team warning to the coach of the team involved and the next offender on that team shall be restricted to the dugout/bench for the remainder of the game. (Art. 2) A fake tag without the ball is obstruction ([8-4-3b](#)). (Art. 7) The head coach is also restricted to the dugout/bench for the remainder of the game. (Arts. 8, 9, 10) For coaches who violate, depending on the severity of the act, the umpire may issue a warning, restrict the offender to bench/dugout for the remainder of the game or eject the offender.

ART. 11 . . . Electronic devices may be used for coaching purposes during the course of the game.

ART. 12 . . . Tobacco products, in any form, are prohibited.

ART. 13 . . . Unsporting acts shall not be committed, including, but not limited to:

- a. use of words or actions to incite or try to incite spectators to demonstrate.
- b. use of profanity, intimidation and/or deceitful tactics, or baiting or taunting; or

NOTE: The NFHS disapproves of any form of taunting which is intended or designed to embarrass, ridicule or demean others under any circumstances, including race, religion, gender or national origin.

- c. behavior in any manner not in accordance with the spirit of fair play.

ART. 14 . . . Team personnel shall not charge an umpire.

ART. 15 . . . Arguing ball and strike calls or other umpire judgment calls is prohibited.

ART. 16 . . . Team personnel shall not deliberately throw bats, helmets or any other piece of equipment.

PENALTY: (Arts. 11 through 16) The umpire shall eject the offender from the game, unless the offense is judged to be of a minor nature. If minor, the umpire may warn the offender and eject if the offense is repeated. (Arts. 11, 13) For coaches who violate, the umpire may restrict the offender to bench/dugout for the remainder of the game, or eject the offender.

ART. 17 . . . Team personnel shall not intentionally remove any lines of the batter's box or on the field of play.

PENALTY: (Art. 17) A strike shall be called on the batter if a member of the offense intentionally removes the line and a ball awarded to the batter if a member of the defense intentionally erases a line. A team warning shall be issued, with the next offense resulting in a strike/ball, the offender and the head coach being restricted to the dugout.

ART. 18 . . . Initiating malicious contact is prohibited.

ART. 19 . . . Team personnel shall not participate in a fight or leave his/her position/bench area when a fight has broken out or may break out. A coach who enters the field to restrain combatants from his/her team shall not be considered to have violated this rule.

NOTE: Fighting is any attempt by a player or non-player to strike or engage an opponent in a combative manner unrelated to softball. Such acts include, but are not limited to, attempts to strike an opponent(s) with the arm(s), hand(s), leg(s) or foot (feet), whether or not there is contact.

PENALTY: (Arts. 18, 19) Considered serious offenses, the offender shall be ejected. (Art. 18) If by the offense, the play is dead immediately, the offender is declared out unless she

has already been put out or scored and all runners return to the last base touched at the time of the malicious contact ([8-6-14](#)). If by the defense, the offender is ejected at the end of playing action.

ART. 20 . . . Any participant restricted to the bench/dugout for the remainder of the game shall be ejected for subsequent misconduct. A player who is restricted or ejected shall remain in the dugout/bench area. A coach who is ejected shall leave the vicinity (out of sight and out of sound) of the playing area immediately and is prohibited from any further contact (direct or indirect) with the team during the remainder of the game. Failure to comply with the rules of ejection shall result in the game being forfeited.

NOTE: State association policies will determine the conditions under which a game may or may not continue if the coach is ejected, and shall determine penalties to be imposed if an ejected coach violates the rule.

SECTION 7 CHARGED CONFERENCES

ART. 1 . . . Each team, when on defense, may be granted not more than three charged conferences without penalty during a seven-inning game to permit coaches or their representatives to confer with a defensive player or players. In any extra-inning game, each team shall be permitted one charged conference without penalty each inning while on defense. The number of charged conferences permitted is not cumulative. A request for time for a conference may be made by a coach, player, substitute or bench personnel. Time granted for an obviously incapacitated player shall not constitute a charged conference. A conference is not charged when the pitcher is removed as pitcher. This defensive team charged conference rule coverage is effective when the ball first becomes live at the start of each half-inning.

PENALTY: (Art. 1) After three charged conferences in a seven-inning game, or for any charged conference in excess of one in each extra inning, the pitcher shall be removed as pitcher for the duration of the game.

ART. 2 . . . Each team, when on offense, may be granted not more than one charged conference per inning to permit the coach or any of that team's personnel to confer with base runners, the batter, the on-deck batter or other offensive team personnel. The umpire shall deny any subsequent offensive team requests for charged conferences. This offensive team charged conference rule coverage is effective when the ball first becomes live at the start of each half inning. Time granted for an obviously incapacitated player shall not constitute a charged conference.

ART. 3 . . . When either team has a charged conference, the other team may also have a conference which is not charged, provided the non-charged conference concludes when the opposing team's charged conference concludes, thus not delaying the game.

Rule 4 Starting and Ending Game

SECTION 1 STARTING A GAME

ART. 1 . . . The home coach shall decide whether the grounds and other conditions are suitable for starting the game.

ART. 2 . . . Pregame Conference. The pregame conference should take place approximately five minutes prior to the game and before the home team takes the field. During the pregame conference:

- a. There shall be no balls hit or thrown in live-ball territory.
- b. The home team and then the visiting team shall deliver their respective lineup cards, in duplicate, to the plate umpire. The umpire shall then permit inspection by both captains/coaches. The substitution regulations as in [Rule 3](#) are then in effect.
- c. Ground rules, as in [4-1-3](#), shall be announced.
- d. Umpires shall ask head coaches to verify that their players are legally and properly equipped and shall remind participants about proper sporting behavior.

ART. 3 . . . Ground Rules. If there are unusual conditions, such as spectators or obstacles too near the playing field, the home coach shall propose special ground rules. If sanctioned by the visiting team, these shall be in force. If the teams cannot agree, the umpires shall formulate ground rules. Ground rules shall not supersede a rules book rule.

- a. The field should be clearly marked. Markings may include flags on foul poles along the foul lines past first base and third base and vertical foul-line markings on any wall that limits the outfield.
- b. When a fair or foul ball fly lands near a stand or fence, [Rule 7-4-11](#) applies. If there is a screen behind the catcher or any permanent obstruction in front of the stands, a batted ball that goes behind these becomes dead. It is recommended that no such obstruction be less than 25 feet from the diamond.
- c. Wild pitches, overthrows and batted balls that go over or through a fence or into a dugout are governed by [Rule 8-4-1c](#), [8-4-3](#); if the field has unusual obstructions, ground rules should attempt to be similar to this rule.
- d. For special field conditions, such as a drain pipe that makes a spot where it is impossible or very difficult for a fielder to retrieve the ball, the ball should become dead if it goes to that spot, and each runner's advance should be limited to two bases.
- e. For an unfenced field, a chalk or imaginary out-of-bounds line should be established to define live-ball area. If cars are parked along the out-of-play lines, umpires should consider these the same as bleachers and the ball becomes dead if it bounces into the line of cars. The umpires should anticipate such a situation and announce the ground rule in advance.

ART. 4 . . . The visiting team shall be the first to take its turn at bat. On a neutral field or by agreement, either team may be designated as Home Team.

ART. 5 . . . The game begins when the umpire calls “Play Ball.”

ART. 6 . . . After the game starts (when the umpire calls “Play Ball”), the umpires are sole judges as to whether conditions, including grounds, are fit for play, and as to whether conditions are suitable for starting the second game of a scheduled doubleheader (two games between the same teams during the same day).

SECTION 2 ENDING A GAME

ART. 1 . . . A game ends when the team behind in score has completed its turn at bat in the seventh inning or in any extra inning. If the home team scores a go-ahead run in the bottom of the seventh inning or in any extra inning, the game is terminated at that point.

ART. 2 . . . If a game ends because of weather conditions, or darkness interferes with play so that the game is called (ended) by the umpire, it is a regulation game provided:

- a. five full innings have been played; or if the home team has scored an equal or greater number of runs in four or four and a fraction turns at bat than the visiting team has scored in five turns.
- b. play has gone beyond five full innings and is called when the teams have not had an equal number of completed turns at bat. The score shall be the same as it was at the end of the last completed inning; unless the home team, in its half of the incomplete inning, scores a run (or runs) which equals or exceeds the opponent's score, in which case, the final score shall be as recorded when the game is called.

ART. 3 . . . A state association may adopt game-ending procedures that determine how games are ended, including suspended games. However, if a state association does not have established game-ending procedures, by mutual agreement of the opposing coaches and the plate umpire, any remaining play may be shortened at any time or the game terminated.

NOTES:

1. If a state association has adopted game-ending procedures, only those game-ending procedures may be used should the opposing coaches wish to terminate a game.
2. By state association adoption, the number of innings for one or both games in a doubleheader may be scheduled for five innings. Current state association game-ending procedures still apply.

ART. 4 . . . If a game is called before completion of the number of innings and conditions as specified in [4-2-2](#), the umpire shall declare the contest "no game" unless play is terminated by [4-2-3](#).

ART. 5 . . . If a regulation called game has a tie score when ended as in [4-2-2](#), it is a tie game unless the state association has any prescribed game-ending procedures. Batting and fielding records are counted, but the game is not counted in computing percentages of games won and lost.

ART. 6 . . . By state association adoption, a tie-breaker procedure may be instituted at a point in the game specified by the state association.

SECTION 3 FORFEITED GAME

ART. 1 . . . A game shall be forfeited to the offended team by the umpire when a team:

- a. is late in appearing or in beginning play after the umpire calls “Play Ball.” State associations are authorized to specify the time frame and/or circumstances before a forfeit will be declared for a late arrival by one of the teams.
- b. refuses to continue play after the game has started.
- c. delays more than one minute in resuming play after the umpire calls “Play Ball” or in obeying the umpire’s order to remove a player or coach for violation of the rules.
- d. persists in tactics designed to delay or shorten the game.
- e. willfully and persistently violates any one of the rules after being warned by the umpire.
- f. cannot provide 9 players (F. P.), 10 players (S.P.) or 11 players (S.P. if an EP is used) to start the game.
- g. cannot provide 8 players (F.P.), 9 players (S.P.) or 10 players (S.P. if an EP is used) in the batting order to finish the game. An out is called in that spot of the batting order ([7-4-1](#)). If that player has safely reached base, then the most recent batter not on base is allowed to run for that player, until that player is put out, scores, or the half-inning ends.
- h. on its home field, fails to comply with the umpire’s order to put the field in condition for play.

ART. 2 . . . Score of a forfeited game is 7 to 0 unless the game is forfeited after the number of innings required for a regulation game and the offending team is behind. Then the score remains as recorded. If the offending team is leading, the score shall be 7 to 0; otherwise, the score shall be the score at the time of the forfeit if the team ahead at the time of the forfeit is not the offending team. All individual and team averages shall be included in the official records, except that no pitcher shall be credited with a victory or charged with a loss in such a game if it is not a regulation game ([4-2](#)).

SECTION 4 PROTESTED GAME

It is optional on the part of a state association as to whether protests are permitted. When allowed, protests are permitted regarding rules one through nine only. When protests are submitted to organizations which do allow the filing, such protest shall be submitted using a prescribed procedure ([10-2-3i](#)). All individual and team averages shall be included in the official records, except that no pitcher shall be credited with a victory or a loss in such a game if the game is not completed.

Rule 5 Dead Ball and Suspension of Play

SECTION 1 DEAD BALL

ART. 1 . . . Ball becomes dead immediately when (see [Table 5-1](#)):

a. a pitch touches a batter or the batter's clothing ([8-1-2b](#)).

NOTE: (F.P.) The ball becomes dead even though the batter strikes at it.

b. the ball is illegally batted ([7-4-8](#) and [7-4-2](#)) or comes in contact with the bat a second time ([7-4-13](#)).

c. the batter enters the batter's box with an illegal bat.

d. any batted ball, while on or over foul ground,

1. touches any object other than the ground or any person other than a fielder;

2. goes directly from the bat to the catcher's protector, mask or person without first touching the catcher's glove or hand; or

3. becomes an uncaught foul.

e. there is interference by a runner or a retired runner ([7-4-4](#); [8-1-2a](#); [8-2-5, 6](#); [8-6-10](#); [11](#), [12](#), [14](#), [18](#)) or by any person ([3-5-4, 5](#); [8-6-16](#)).

f. a fair batted ball, which is on or over fair ground,

1. touches a runner or an umpire before touching any fielder and before passing any fielder other than the pitcher ([8-1-2a](#); [8-4-1f](#); [8-6-11](#));

2. touches a runner after passing through or by a fielder and another fielder could have made an out;

3. touches a spectator; or

4. goes over, through or wedges in the field fence.

g. a pitch or any other thrown ball;

1. is touched by a spectator;

2. is touched by nonparticipating team personnel;

3. goes into a stand or players' bench (even if it rebounds to the field);

4. goes over or through or wedges in the field fence ([8-4-3c, h](#)); or

5. lodges in an umpire's equipment, or touches loose equipment ([1-8-3](#), [8-4-31](#), [8-6-15](#), [2-2-3](#)).

illegal pitch it shall be a strike, and there shall be no penalty for such an illegal pitch. The ball shall remain in play if hit by the batter.

NOTE : An illegal pitch shall be called immediately when it becomes illegal. If called by the plate umpire, it shall be called in a voice so that the catcher and the batter will hear it. The base umpire also will give the delayed dead-ball signal. If called by a base umpire, it shall be called so that the nearest fielder shall hear it. The plate umpire also shall give the delayed dead-ball signal. Failure to hear the call shall not void the call.

ART. 7 . . . The pitcher shall not deliberately drop, roll or bounce the ball while in the pitching position in order to keep the batter from striking it.

ART. 8 . . . The catcher shall return the ball directly to the pitcher after each pitch except after a strikeout or putout made by the catcher. The pitcher has 20 seconds to release the next pitch.

Play shall be suspended during this time. For excessive warm-up pitches, a pitcher shall be penalized by awarding a ball to the batter for each pitch in excess of five.

NOTE: A pitcher returning in the same half inning will not be granted any warm-up pitches.

ART. 11 . . . Legal pitch. A legal pitch is when the pitcher delivers the ball in accordance with this pitching rule.

ART. 12 . . . An illegal pitch is:

- a. when a pitcher throws to a base while a foot is in contact with the pitcher’s plate.

b. delivery of the ball not in accordance with the pitching rule.

NOTE: The pitcher can remove herself from the pitching position by stepping backwards off the pitcher's plate. Stepping forward constitutes an illegal pitch.

ART. 13 . . . No player, manager or coach shall call time or employ any other word or phrase or commit any act while the ball is live and in play for the obvious purpose of trying to make the pitcher commit an illegal pitch.

PENALTY: (Art. 13) No pitch shall be declared and a warning issued to the offending team. A repeat of this type of act by the team warned shall result in the offender being restricted to the dugout/bench for the duration of the game ([3-6-9](#)).

SECTION 5 BALL ROTATION

ART. 1 . . . The pitcher has a choice of balls at the start of each half inning unless both balls do not get put into play. In that case, the pitcher in the bottom of the first inning must throw the unused ball. Thereafter, the ball in play should be returned to the 16-foot circle after every half inning.

ART. 2 . . . The pitcher may request the other ball before throwing a warm-up pitch by giving the ball in her possession to the plate umpire, the pitcher has now made a choice and must pitch that ball until such time as the ball goes out of play or becomes blocked.

Rule 7 Batting

SECTION 1 POSITION AND BATTING ORDER

ART. 1 . . . Each player of the team at bat shall become the batter and shall take her position within the batter's box (on either side of home base), in the order in which her name appears on the lineup card as delivered to the umpire and the opposing team prior to the game (4-1-2). This order shall be followed during the entire game except that an entering substitute shall take the replaced player's place in the batting order. A batter is in proper order if she follows the preceding player in the lineup, even though such preceding batter may have batted out of order. An improper batter is considered to be at bat as soon as she enters the batter's box and one pitch has been thrown. When an improper batter's infraction is first discovered, time may be requested and the improper batter replaced by the proper batter who will assume the improper batter's ball and strike count, provided the infraction is detected before the improper batter is put out or becomes a base runner.

ART. 2 . . . After the first inning, the first batter in each inning shall be the player whose name follows that of the last batter who completed her time at bat in the preceding inning.

PENALTIES: (Art. 1, 2):

1. A batter shall be called out on appeal when she fails to bat in her proper turn and another batter completes a time at bat in her place.

NOTE: Only the defensive team may appeal batting out of order after the batter has completed her time at bat.

2. When an improper batter becomes a runner or is put out and the defensive team appeals to the umpire before the next pitch (legal or illegal), or prior to an intentional base on balls (S.P.), or before all infielders leave fair territory and the catcher vacates her normal fielding position if a half-inning is ending. The umpire shall declare the batter who should have batted out (not the improper batter). The improper batter's time at bat is negated and she is returned to the dugout/bench area. All outs stand and runners who were not declared out must return to the base occupied at the time of the pitch. If a runner advances because of a stolen base, wild pitch, passed ball (F.P.) or an illegal pitch (F.P.) while the improper batter is at bat, such advance is legal.

NOTE: If any situation arises which could lead to an appeal by the defense on the last play of the game, umpires should not leave the field until all infielders have left fair territory and the catcher has vacated her normal fielding position. If teams line up to shake hands, there is little chance for an appeal even if the defensive infielders have not crossed the foul line and umpires can leave the game at this point. No appeal can be made once the umpires have left the field.

3. When an improper batter becomes a runner or is put out and a legal or illegal pitch has been delivered to the succeeding batter, or an intentional base on balls (S.P.) has occurred, or all infielders have left the diamond if a half-inning has ended and, in all cases, before an appeal is made. The improper batter becomes the proper batter and the results of her time

at bat become legal.

4. When the proper batter is called out because she has failed to bat in turn. The next batter shall be the batter whose name follows that of the proper batter who was called out.

5. When an improper batter becomes a proper batter because no appeal is properly made as above. The next batter shall be the batter whose name follows that of such legalized improper batter. The instant an improper batter's actions are legalized, the batting order picks up with the name following that of the legalized improper batter.

6. When several players bat out of order before discovery so that a player's time at bat occurs while she is a runner. Such player remains on base, but she is NOT out as a batter.

SECTION 2 STRIKES, BALLS AND HITS

ART. 1 . . . A strike is charged to the batter when:

- a. a pitched ball enters any part of the strike zone in flight and the batter does not swing.
- b. a pitched ball is swung at and missed.
- c. a pitched ball becomes a foul when the batter has less than two strikes.
- d. a pitched ball becomes a foul tip (even on a third strike) or a foul from an attempted bunt (F.P.).
- e. a penalty strike is called because a batter delays ([7-3-1](#)).
- f. a batted ball contacts the batter in the batter's box (foul ball).
- g. a pitched ball contacts the batter while swinging at the ball or the batter is hit by the pitch that is in the strike zone (dead-ball strike).
- h. a pitched ball, in the umpire's judgment, is prevented from entering the strike zone by any actions of the batter (dead-ball strike).
- i. when a member of the offensive team intentionally removes a line.

ART. 2 . . . A ball is credited to the batter when a pitch is not touched by the bat and is not a strike, when there is an illegal pitch ([6-1-1](#), [2](#)), or for catcher's or pitcher's delay ([6-2-3](#), [6-3-2](#)).

EFFECT: Any pitch that touches the plate shall be called a ball if the batter does not strike at it.

ART. 3 . . . A foul hit or fair hit, which may be a bunt in (F.P.), occurs when a pitch is touched by the bat of the batter who is in her box ([2-20](#); [2-25](#); [2-8](#)).

EXCEPTION: Foul Tip.

SECTION 3 BATTING INFRACTIONS

ART. 1 . . . A batter shall not delay the game by failing to promptly take her position with both feet completely inside the batter's box within 10 seconds after the ball is returned to the pitcher to prepare for the next pitch, or by stepping out of the box when the pitcher is on the pitcher's plate.

PENALTY: (Art. 1) If a pitcher has brought the hands together, the batter leaves the box at the risk of having a strike called while being out of position. For failure of the batter to be ready within 10 seconds after the ball has been returned to the pitcher, the umpire shall call a strike. If it is the third strike, the umpire shall call time and declare the batter out.

EFFECTS:

1. After entering the batter's box, the batter leaves it at the risk of being charged with delay. The batter may request time-out if she desires to step out for a valid reason and, if granted, the 10-second count will begin anew. The umpire is authorized to refuse to grant time-out if the batter repeatedly causes delay or if her leaving the batter's box appears to be an attempt to worry the pitcher or to gain some other advantage.

2. If the pitcher stops or hesitates in her delivery as a result of the batter stepping out of the box or holding up her hand to request time, it shall not be an illegal pitch. If a pitch is not delivered, a rule has been violated by both the batter and the pitcher. The umpire shall call time, declare "no-pitch" and begin play anew. If the umpire judges the batter's action to be a deliberate attempt to create an illegal pitch, the umpire will penalize according to 3-6-9. However, if the batter steps out of the box or holds up her hand to request time and the pitcher legally delivers the ball, it shall be called a strike and the ball remains live.

ART. 2 . . . A pitched ball that is entirely within the batter's box strikes the batter or her clothing. No attempt to avoid being hit by the pitch is required. However, the batter may not obviously try to get hit by the pitch. ([8-1-2b](#))

PENALTY: (Art. 2) If the batter made no attempt to avoid the pitch which is not entirely in the batter's box or she obviously tried to get hit by the pitch, the ball is dead. The pitch is a ball or strike depending on its location and the batter remains at bat unless it is strike three or ball four. Base runners advance only if forced.

SECTION 4 BATTER IS OUT

ART. 1 . . . A team is playing with one less than the starting number in the batting order and her turn to bat is reached.

ART. 2 . . . The batter enters the batter's box with an illegal bat or is discovered having used an illegal bat and the infraction is detected before the next legal or illegal pitch (only the umpire or defense may detect an illegal bat).

PENALTY: The ball is dead immediately. All runners must return to the base occupied at the time of the pitch. When the illegal bat is an altered or nonapproved bat, the batter and head coach are also ejected. Runners would not return if they were put out on the play.

ART. 3 . . . The batter disconcerts the pitcher by stepping out of the box on one side of home plate to the box on the other side while the pitcher is in position ready to pitch.

PENALTY: The ball is dead immediately.

ART. 4 . . . The batter interferes with the catcher's fielding or throwing by leaning over home plate, by stepping out of the batter's box, by making any movement which hinders action at home after the pitch reaches the catcher or the catcher's attempt to play on a runner, or by failing to make a reasonable effort to vacate congested area when there is a throw to home and there is time for the batter to move away.

PENALTY: The ball is dead immediately. Runners must return to the last base touched at the time of the interference. ([8-6-10](#))

ART. 5 . . . A third strike is caught. ([7-2](#))

ART. 6 . . . (S.P.) A third strike (in flight) is not caught or a foul ball on the third strike is not caught.

PENALTY: The ball is dead immediately.

ART. 7 . . . (F.P.) A third strike (in flight) is not caught, a runner occupies first base at the time of the pitch and there are less than two outs. ([8-2-1](#))

NOTE: (F.P.) If there are two outs or if no runner occupies first base, the batter is not out unless the third strike is caught. The batter is entitled to try to reach first base before being tagged out or thrown out.

ART. 8 . . . The batter hits the ball fair or foul while either foot is touching the ground completely outside the lines of the batter's box or while touching the plate.

NOTE: A follow-through with the bat may carry one of the batter's feet entirely outside the box so it touches the ground as the ball is leaving the bat. It is customary for the umpire to ignore this

if both feet were in legal position at the start of the swing and if it is not considered an attempt to circumvent the spirit of the rule.

ART. 9 . . . (F.P.) A bunt on a third strike is foul.

ART. 10 . . . (S.P.) The batter bunts or chops the ball downward.

ART. 11 . . . A fair or foul (other than a foul tip, not a third strike) ball is caught in flight by a fielder or such catch is prevented by a spectator reaching into the playing area.

PENALTY: (Art. 8, 9, 10, 11) The ball is dead immediately. All runners must return to the base occupied at the time of the pitch.

ART. 12 . . . Offensive team members (excluding a runner or retired runner) shall not interfere with a fair batted ball or foul fly ball.

PENALTY: The ball is dead immediately. If, in the judgment of the umpire, the interference prevented a possible double play, the batter and runner closest to home shall be declared out. Other runners shall be returned to the last base touched at the time of interference. ([3-5-6](#); [7-5-4](#); [8-6-16](#))

ART. 13 . . . After hitting or bunting a ball, the bat hits the ball a second time while the ball is on or over fair territory, or is on or over foul territory and, in the umpire's judgment, had a chance to become a fair ball.

EXCEPTION: If the batter is in the batter's box and the bat is in the batter's hands when the second contact occurs, it is a foul ball regardless of whether the ball was on or over fair or foul territory unless, in the umpire's judgment, the batter intentionally hit the ball a second time.

ART. 14 . . . The batter throws her bat and interferes with a defensive player attempting a play.

NOTE: If the bat breaks and a portion is hit by the ball or hits a runner or fielder, no infraction has occurred.

PENALTY: The ball is dead immediately. Runners must return to the last base touched at the time of the interference. ([8-6-10](#))

SECTION 5 ON-DECK BATTER

Art. 1 . . . The on-deck batter shall take a position within the lines of the on-deck circle closest to her dugout.

Art. 2 . . . The on-deck batter may warm up with no more than two official softball bats, an approved warm-up bat or a combination not to exceed two bats.

Art. 3 . . . The on-deck batter may leave the on-deck circle:

- a. when she becomes a batter.
- b. when directing a runner advancing from third base to home plate.

Art. 4 . . . The on-deck batter shall not commit interference with the defensive team.

PENALTIES: (Art. 4)

1. When the interference is with a thrown or pitched ball, the ball is dead and the runner closest to home is declared out. If no play is obvious, no player is out, but runners shall return to the last base touched at the time of interference.

2. When the interference is with a fair batted or foul fly ball, the batter is out. When, in the judgment of the umpire, the interference prevented a possible double play, the runner closest to home shall also be declared out. Other runners return to the last base touched at the time of the interference.

Rule 8 Batter-Runner and Runner

SECTION 1 THE BATTER BECOMES A BATTER-RUNNER

ART. 1 . . . A batter becomes a batter-runner with the right to attempt to score by advancing to first, second and third and then home plate in the listed order when:

- a. she legally hits a fair ball.
- b. (F.P.) the catcher fails to catch the third strike before the ball touches the ground when there are fewer than two outs and first base is unoccupied at the time of the pitch, or anytime there are two outs.
- c. an intentional base on balls is awarded (S.P.), or a fourth ball is called by the umpire.

EFFECTS:

1. (F.P.) The ball is in play unless it has been blocked.

2. (S.P.) The ball is dead and runners may not advance unless forced. If the pitcher desires to walk a batter intentionally, she may do so by notifying the plate umpire who shall award the batter first base.

- d. the catcher or another defensive player obstructs, hinders or prevents the batter from striking or hitting a pitched ball.

EFFECTS:

1. The umpire shall give a delayed dead-ball signal.

2. If the batter hits the ball and reaches first base safely and if all other runners have advanced at least one base on the batted ball, catcher obstruction is canceled. All action as a result of the batted ball stands. No option is given. Once a runner has passed a base, the runner is considered to have reached that base (whether missing the base or not) and no options are given.

3. Otherwise, the coach or captain of the team at bat, after being informed by the plate umpire of the obstruction, has the option to take the result of the play, or have the obstruction enforced by awarding the batter first base and advancing all other runners only if forced.

- e. The catcher or any other fielder shall not:

1. Step on, or in front of home plate without the ball, or
2. On a swing or attempted bunt, touch the batter or her bat with a runner on third base trying to score by means of a squeeze play or a steal.

PENALTY: (Art. 1) The runner would be awarded the base on the attempted steal or squeeze. The batter shall also be awarded first base on the obstruction and the ball is dead.

ART. 2 . . . A batter is awarded first base when:

- a. a fair batted ball strikes the person, attached equipment, or clothing of an umpire or a runner.

EFFECTS:

1. If, after touching a fielder (including the pitcher), the ball is in play.

2. If, after passing a fielder other than the pitcher, and no other fielder had a chance to make an out, the ball is in play.

3. If before passing a fielder without being touched, the ball is dead. If the runner is hit by the ball while off base and before it has passed an infielder, excluding the pitcher, or if it passes an infielder and another fielder has an opportunity to make an out, the runner is out and the batter-runner is entitled to first base without liability to be put out. When a fair ball touches a runner who is in contact with a base, the ball is dead or live depending on whether the closest fielder is in front of the base (live) or behind the base (dead). The runner is not out unless she intentionally interferes.

4. If the fair batted ball hits an umpire before passing a fielder other than the pitcher, the ball is dead and the batter-runner is entitled to first base without liability to be put out. Any runner not forced by the batter-runner must return to the base reached prior to the interference.

- b. (F.P.) a pitched ball is entirely within the batter's box and it strikes the batter or her clothing. No attempt to avoid being hit by the pitch is required. However, the batter may not obviously try to get hit by the pitch.

PENALTIES: (Art. 2).

1. The ball is dead. The batter is entitled to one base without liability to be put out.

2. If the batter is hit anywhere on the body, including the hands, while swinging at a pitch and hits the ball fair or foul the ball is dead and a strike called. If it is strike three, the batter is out.

SECTION 2 BATTER-RUNNER IS OUT

The batter-runner shall be called out when:

ART. 1 . . . (F.P.) The catcher drops the third strike and is legally put out prior to reaching first base with two outs or less than two outs and first base is not occupied at the time of the pitch.

ART. 2 . . . After hitting a fair ball the batter-runner is legally put out prior to reaching first base.

ART. 3 . . . After a fly ball is hit, the ball is caught by a fielder before it touches the ground, any object or person other than a defensive player.

EFFECT: (Arts. 1, 2, 3) The ball is in play.

ART. 4 . . . The batter-runner fails to advance to first base and enters the dugout/bench area after a batted fair ball, a base on balls, a hit batter (F.P.), a dropped third strike (F.P.), or catcher obstruction.

EXCEPTION: (S.P.) The ball is dead on a base on balls, or on a hit batter (F.P.) the ball is dead, the batter-runner is not out and runners cannot advance unless forced.

PENALTY: (Art. 4) The ball is dead and the runner(s) must return to the last base touched at the time of the infraction.

ART. 5 . . . She runs outside the three-foot (0.91m) lane and, in the judgment of the umpire, interferes with the fielder taking the throw at first base (there must be a throw); however, the batter-runner may run outside the three-foot (0.91m) lane to avoid a fielder attempting to field a batted ball. A runner is considered outside the running lane if either foot is completely outside the lane and in contact with the ground.

ART. 6 . . . The batter-runner interferes with a fielder attempting to make an initial play, interferes with a fielder attempting to throw the ball, intentionally interferes with a thrown ball while out of the batter's box, makes contact with a fair batted ball before reaching first base, or (F.P.) interferes with a dropped third strike. If this interference, in the umpire's judgment, is an obvious attempt to prevent a double play, the runner closest to home plate shall be called out. A batter-runner being hit with a thrown ball does not necessarily constitute interference.

ART. 7 . . . The batter-runner interferes with a play at home plate in an attempt to prevent an obvious out at home plate.

ART. 8 . . . The batter-runner steps back toward home plate to avoid or delay a tag by a fielder.

PENALTY: (Arts. 5 through 8) The ball is dead and runner(s) must return to the last base touched at the time of the interference. (Art. 7) The runner is also out.

ART. 9 . . . She hits an infield fly. (Refer to [2-30](#)).

NOTE: When an infield fly is not initially called, the batter-runner is declared out if brought to the umpire's attention before the next pitch.

ART. 10 . . . An infielder intentionally drops a fair fly ball, including a line drive or a bunt, which can be caught with ordinary effort with first; first and second; first and third; or first, second and third bases occupied with fewer than two outs. A trapped ball shall not be considered as having been intentionally dropped.

PENALTY: (Art. 10) The ball is dead, and each runner must return to the last base touched at the time of the pitch. If an infield fly is ruled, it has precedence over an intentionally dropped ball.

ART. 11 . . . The immediate preceding runner who is not yet out intentionally interferes, in the umpire's judgment, with a fielder who is attempting to catch a thrown ball or throw a ball in an attempt to complete the play on the batter-runner.

PENALTY: (Art. 11) Interference is ruled, the ball is dead, the batter-runner and the interfering runner are out, and all other runners are returned to the base last occupied at the time of interference.

ART. 12 . . . If a spectator reaches into the field of play and interferes with a fielder's opportunity to catch a fly ball.

PENALTY: (Art. 12) The ball is dead, the batter-runner is out and the umpire should award the runners the bases in the umpire's judgment that they would have reached had the interference not occurred.

SECTION 3 TOUCHING BASES IN LEGAL ORDER

ART. 1 . . . An advancing runner shall touch first, second, third and then home plate in order.

ART. 2 . . . When a runner must return to a base while the ball is in play or dead, the runner must touch the base(s) in reverse order.

EXCEPTION: On a foul ball.

EFFECT: (Arts. 1, 2) Offensive players could be ruled out on a proper appeal by the defensive team. ([2-1](#))

ART. 3 . . . When a runner or batter-runner acquires the right to a base by touching it before being put out, the runner or batter-runner is entitled to hold the base until touching the next base in order or is forced to vacate it for a succeeding runner.

ART. 4 . . . When a runner passes a base, she is considered to have touched that base. This also applies to awarded bases.

ART. 5 . . . When a runner dislodges a base from its proper position, neither the runner nor the succeeding runner(s) in the same series of plays are compelled to follow a base out of position.

EFFECT: (Arts. 3, 4, 5) The ball is in play and runners may advance or return with liability to be put out.

ART. 6 . . . A runner shall not run bases in reverse order either to confuse the fielders or to make a travesty of the game.

PENALTY: (Art. 6) The ball is dead and the runner is out.

ART. 7 . . . Two runners may not legally occupy the same base simultaneously.

EFFECT: The runner who first legally occupied the base shall be entitled to it, unless forced to advance. The other runner may be put out by being touched with the ball.

ART. 8 . . . Failure of a PRECEDING runner to touch a base or to legally tag up on a caught fly ball, and who is declared out, does not affect the status of a SUCCEEDING runner who touches bases in proper order. If the failure to touch a base in regular order or to legally tag up on a caught fly ball is the third out of the inning, no SUCCEEDING runner may score a run.

ART. 9 . . . No runner may return to touch a missed base or one left too soon after a following runner has scored or once she leaves the field of play.

ART. 10 . . . Bases left too soon on a caught fly ball must be retouched prior to advancing to awarded bases.

ART. 11 . . . Awarded bases must be run legally.

SECTION 4 RUNNERS ENTITLED TO ADVANCE

ART. 1 . . . Runners may advance with liability to be put out when:

- a. (F.P.) the ball leaves the pitcher's hand on the delivery.
- b. (S.P.) a pitched ball is batted.
- c. a thrown ball or a fair batted ball is not blocked.
- d. a thrown ball hits an umpire.
- e. a legally caught fly ball is first touched by any defensive player.
- f. a fair ball strikes an umpire or a runner after having passed a fielder other than the pitcher, and provided no other fielder had a chance to make an out, or when a fair batted ball has been touched by a fielder, including the pitcher.
- g. the ball gets lodged in a defensive player's uniform or equipment.

EFFECT: (Art. 1) The ball is in play.

ART. 2 . . . A runner forfeits exemption from liability and may be put out when:

- a. the ball is in play or on awarded bases, the runner fails to touch a base before attempting to make the next base.
- b. after overrunning first base, the runner attempts to continue to second base.
- c. after dislodging a base, a runner attempts to continue to the next base.

ART. 3 . . . A runner is entitled to advance without liability to be put out when:

- a. forced to vacate a base because the batter was awarded first base.

EFFECT: (F.P.) The ball remains in play unless it is blocked. Any runner affected is entitled to one base and may advance farther at their own risk if the ball is in play. (S.P.) The ball is dead.

- b. a fielder not in possession of the ball or not making an initial play on a batted ball, impedes the progress of a runner or batter-runner who is legally running bases. Obstructed runners are still required to touch all bases in proper order, or they could be called out on a proper appeal by the defensive team. Should an act of interference occur following any obstruction, enforcement of the interference penalty would have precedence.

PENALTY: (Art. 3b) When any obstruction occurs (including a rundown), the umpire will signal a delayed dead ball. The ball will remain live.

a. If the obstructed runner is put out prior to reaching the base that would have been reached had there not been obstruction, a dead ball is called and the obstructed runner and each other runner affected by the obstruction will be awarded the base or bases which would have been reached, in the umpire's judgment, had there not been obstruction. An obstructed runner may not be called out between the two bases where she was obstructed.

EXCEPTIONS:

1. When an obstructed runner, after the obstruction, safely obtains or returns to the base she would have been awarded, in the umpire's judgment, had there been no obstruction and there is a subsequent play on a different runner, the obstructed runner is no longer protected between the bases where she was obstructed and may be put out.
2. When properly appealed for missing a base or leaving a base before a fly ball was first touched while advancing. If obstruction occurred while a runner was returning to touch the base, she is protected.
3. When committing an act of interference.
4. When passing another runner.
5. When the batter flies out for the third out.
6. When the batter-runner is obstructed between two bases and she flies out.

b. If the obstructed runner is put out after passing the base she would have reached had there been no obstruction, the obstructed runner will be called out. The ball remains live.

c. When a runner, while advancing or returning to a base, is obstructed by a fielder who neither has the ball nor is attempting to field a batted ball, or a fielder who fakes a tag without the ball, the obstructed runner and each other runner affected by the obstruction, will be awarded the base or bases which would have been reached, in the umpire's judgment, had there been no obstruction.

c. (F.P.) a wild pitch or passed ball lodges in or goes under, over or through the backstop.

PENALTY: (Art. 3c) The ball is dead and all runners are awarded one base only. The batter is awarded first base only on the fourth ball.

d. (F.P) a pitcher makes an illegal pitch, providing the offensive coach does not take the result of the play (see [6-1-1 Exceptions](#)).

e. a fielder intentionally contacts or catches a fair batted, a thrown, or a pitched ball with her cap, helmet, mask, protector, pocket, detached glove or any part of the uniform which is detached from its proper place on their person.

PENALTY: (Art. 3e) The batter and runner would be entitled to three bases from the time of the pitch if a batted ball, two bases from the time of the throw if a thrown ball, or one base from the time of the pitch if a pitched ball and in (F.P.) may advance farther at their own risk. If the illegal catch or touch is made on a fair hit ball that, in the judgment of the umpire, would have cleared the outfield fence in flight, the batter-runner shall be awarded four bases.

f. the ball is in play and is overthrown (beyond the boundary lines) or is blocked by the defense.

PENALTY: (Art. 3f) All runners will be awarded two bases, and the award will be governed by the positions of the runners when the ball left the fielder's hand. Runners may return to touch a missed base or base left too soon. If two runners are between the same bases, the award is based on the position of the lead runner.

EXCEPTIONS:

1. When a fielder loses possession of the ball, such as on an attempted tag, and the ball enters the dead-ball area or becomes blocked, each runner is awarded one base from the last base touched at the time the ball entered the dead-ball area or becomes blocked.

2. When the ball becomes dead, no runner may return to touch a missed base or a base left too soon if she has advanced, touched and remains a base beyond the missed base or the base left too soon. A runner shall not be declared out if a fielder deliberately carries or throws the ball into dead-ball territory to prevent that runner from returning to a missed base or a base left too soon. In this case, the runner(s) may return to a missed base or base left too soon.

3. If the ball becomes blocked due to offensive equipment not involved in the game, the ball is ruled dead and runners are returned to the last base touched at the time of the blocked ball. If the blocked ball prevented the defense from making an out, the runner being played on is called out.

4. If an awarded base is in error, after one pitch is thrown (legal or illegal), the error cannot be corrected.

g. a fair batted fly ball strikes the foul pole above the fence level or leaves the playing field in fair territory without touching the ground or going through the fence. It shall entitle the batter-runner to a home run.

h. a fair ball bounces over or rolls under or through a fence or any designated boundary of the playing field. Also, when it deflects off of a defensive player and goes out of play in foul territory, deflects off a runner or umpire and goes out of play after having passed an infielder excluding the pitcher and provided no other fielder had a chance to make an out.

PENALTY: (Art. 3h) The ball is dead and all runners are awarded two bases from the time

of the pitch.

i. a live ball is unintentionally carried by a fielder from playable territory into dead-ball territory. A fielder carrying a live ball into the dugout or team area to tag a player is considered to have unintentionally carried it there.

PENALTY: (Art. 3i) The ball is dead. Each runner is awarded one base from the last base touched at the time the fielder entered dead-ball territory.

j. in the judgment of the umpire, a fielder intentionally carries, kicks, pushes or throws a live ball from playable territory into dead-ball territory.

PENALTY: (Art. 3j) The ball is dead. Each runner is awarded two bases from the last base touched at the time the fielder entered or the ball was kicked, pushed or thrown into dead-ball territory.

k. there is spectator interference with any thrown or fair batted ball, the ball is dead at the moment of interference.

l. a ball gets lodged in (a) umpire's gear or clothing or (b) in an offensive player's clothing.

PENALTY: (Arts. 3k, 3l) The ball is dead and the umpire should award the runners the bases in the umpire's judgment they would have reached.

SECTION 5 RUNNER MUST RETURN TO HER BASE

A runner must return to the last base legally occupied when:

ART. 1 . . . A batted ball is foul.

ART. 2 . . . An illegally batted ball is declared by the umpire.

ART. 3 . . . A batter, batter-runner or runner is called out for interference. Each other runner shall return to the last base which, in the umpire's judgment, was touched by the runner at the time of the interference.

ART. 4 . . . (F.P.) Any part of the batter's person or clothing is touched by a pitched ball that is swung at and missed.

ART. 5 . . . (F.P.) A batter is hit by a pitched ball, unless forced to advance because of the batter being awarded first base.

PENALTY: (Arts. 1 through 5) The ball is dead. Each runner must return to her base without liability to be put out, except when forced to go to the next base because the batter became a batter-runner. Runners need not touch the intervening bases in returning to their base.

ART. 6 . . . (F.P.) The plate umpire or any part of the plate umpire's clothing interferes with the catcher's attempt to throw out a runner stealing, or an attempted pick off play.

PENALTY: (Art. 6) This is a delayed dead ball at the time of the interference. If the runner is ruled out, the ball remains live. If the runner is not out, she must return to the base occupied at the time of the pitch. It is not umpire interference if, on a passed ball or wild pitch, the umpire gets hit by a thrown ball from the catcher or if contact is made with the catcher trying to retrieve the ball. The ball would remain live.

ART. 7 . . . (S.P.) Base stealing is not allowed.

EFFECT: Each runner may leave a base when a pitched ball is batted, touches the ground or reaches home, but must return to that base immediately after each pitch not hit by the batter.

ART. 8 . . . An intentionally dropped ball is ruled.

SECTION 6 THE RUNNER IS OUT

A runner is out when:

ART. 1 . . . Running to any base in regular or reverse order and the runner runs more than three feet (0.91 m) from the base path to avoid being touched by the ball in the hand(s) of a fielder.

ART. 2 . . . The ball is in play and while the runner is not in contact with a base, the runner is legally touched with the ball in the hand(s) of a fielder.

ART. 3 . . . On a force play, a fielder contacts the base while holding the ball, touches the ball to the base or tags the runner before the runner reaches the base.

ART. 4 . . . The runner physically passes a preceding runner before that runner has been put out. If this was the third out of the inning, any runs scoring prior to the out for passing a preceding runner would count. A runner(s) passing a preceding obstructed runner, as in [8-4-3b Penalty c](#), is not out.

ART. 5 . . . Any offensive team member, other than another runner, physically assists the runner.

PENALTY: (Arts. 1 through 5) The ball is in play and the runner is out.

ART. 6 . . . The runner leaves a base to advance to another base before a caught fly ball has touched a fielder, provided the ball is returned to the infield and properly appealed.

ART. 7 . . . The runner fails to touch the intervening base or bases in regular or reverse order and the ball is returned to the infield and properly appealed. If the runner put out is the batter-runner at first base, or any other runner forced to advance because the batter became a batter-runner, this is a force out.

ART. 8 . . . The batter-runner legally overruns first base, attempts to run to second base and is legally touched while off the base.

ART. 9 . . . Running or sliding for home plate and the runner fails to touch it, and a fielder properly appeals to the umpire for the decision.

PENALTY: (Arts. 6 through 9) These are appeal plays. See [2-1](#).

ART. 10 . . . The runner interferes:

- a. with a fielder attempting to make the initial play on a fair batted ball ([2-47](#)).
- b. with a fielder attempting to field a fly ball over foul territory.
- c. with a fielder attempting to throw the ball.
- d. intentionally with a fielder or thrown ball.

NOTE: Jumping, hurdling and leaping are all legal attempts to avoid a fielder only if the fielder is lying on the ground.

ART. 11 . . . The runner is struck with a fair untouched batted ball while not in contact with a base and before it passes an infielder, excluding the pitcher, or if it passes an infielder and any fielder has an opportunity to make an out.

ART. 12 . . . The runner intentionally contacts a fair ball that an infielder has missed.

ART. 13 . . . The runner does not legally slide and causes illegal contact and/or illegally alters the actions of the fielder in the immediate act of making a play on her. Runners are never required to slide but, if the runner elects to slide, the slide shall be legal.

ART. 14 . . . She remains on her feet and maliciously crashes into a defensive player. Malicious contact supersedes obstruction.

PENALTY: (Arts. 10 through 14) The ball is dead and the runner is out. Each other runner must return to the last base touched at the time of the interference. When a runner is called out for interference, the batter-runner is awarded first base and credited with a fielder's choice. If this interference, in the judgment of the umpire, is an obvious attempt to prevent a double play and occurs before the runner is put out, the immediate succeeding runner shall also be called out. If interference occurs by the runner on a foul fly ball, the runner is out and the ball is dead. A foul ball is called in this situation and the batter remains at bat unless it was a bunt attempt with two strikes on the batter (F.P) or it was the third strike (S.P); the batter is also out in these cases. (Art. 14) The runner is also ejected.

ART. 15 . . . Offensive team equipment causes a blocked ball (and interference).

PENALTY: (Art. 15) The runner being played on is out. If no play is obvious, no player is out, but runners shall return to the last base touched at the time the ball is declared dead.

ART. 16 . . . Any coach or member of the offensive team, other than a runner, interferes with a defensive player's opportunity to make a play. This includes, but is not limited to:

- a. The coach near third base runs in the direction of home plate on or near the baseline while a fielder is attempting to make a play on a batted or thrown ball and thereby draws a throw to home plate.
- b. A coach intentionally interferes with a thrown ball while in the coach's box, or interferes with the defensive team's opportunity to make a play on another runner.
- c. After being declared out or after scoring, a runner interferes with a defensive player's opportunity to make a play on another runner. A runner continuing to run and drawing a throw may be considered a form of interference. This does not apply to the batter-runner running on the dropped third strike rule.

d. Member(s) of the offensive team stand or collect around a base to which a runner is advancing, thereby confusing the fielders and adding to the difficulty of making the play. Members of a team include bat/ball shaggers or any other person authorized to sit on the team's bench.

PENALTY: (Art. 16) The ball is dead and the runner closest to home plate at the time of the interference shall be declared out. Each other runner must return to the last base touched at the time of the interference.

ART. 17 . . . (S.P.) The runner fails to keep contact with the base to which they are entitled until a pitched ball is batted, touches the ground, or reaches home plate.

ART. 18 . . . (F.P.) The runner fails to keep contact with the base to which the runner is entitled until the ball leaves the pitcher's hand.

PENALTY: (Arts. 17, 18) The ball is dead, "no pitch" is declared when applicable, and the runner is out.

ART. 19 . . . She abandons a base by entering dead-ball territory.

ART. 20 . . . She positions herself behind and not in contact with a base to get a running start on any fly ball. The ball remains live.

ART. 21 . . . Prior to a pitch (legal or illegal) to the next batter, if the runner was discovered having used an illegal bat, she shall be declared out and any runners put out prior to the discovery shall remain out.

SECTION 7 (F.P.) LOOK-BACK RULE

ART. 1 . . . The look-back rule will be in effect when the ball is live, the batter-runner has touched first base or has been declared out, and the pitcher has possession of the ball within the pitcher's circle. ([2-45](#))

ART. 2 . . . The runner(s) may stop once, but then must immediately return to the base or attempt to advance to the next base.

ART. 3 . . . Once the runner stops at a base for any reason, she will be declared out if she leaves the base.

ART. 4 . . . Responsibilities of batter-runner after completing a turn at bat, and while the pitcher has the ball within the 16-foot pitching circle, including a base on balls or a dropped third strike are as follows:

- a. A batter-runner who rounds first base toward second base may stop, but then must immediately, without stopping, return to first or attempt to advance to second base.
- b. A batter-runner who overruns first base toward right field, turns left and immediately stops, must then return non-stop to first or attempt to advance to second base.
- c. A batter-runner who overruns first base toward right field, turns left and moves directly toward second base and stops is committed to second and must attempt to advance non-stop to second base.
- d. A batter-runner who overruns first base toward right field, turns left and moves back toward the infield in any direction except directly toward second base is committed to first and must return to first base.
- e. A batter-runner who overruns first base toward right field, and turns right, is committed to first base and must return to first base.

PENALTY: (Arts. 2, 3, 4) The ball is dead. "No pitch" is declared when applicable, and the runner is out. If two runners or more are off their bases, when one is called out, the ball is dead and other runners are returned to the last base touched. Only one runner may be called out.

EXCEPTION: The runner will not be declared out if a play is made on another runner (a fake throw is considered a play), the pitcher no longer has possession of the ball within the 16-foot circle, or the pitcher releases the ball on a pitch to the batter.

SECTION 8 RUNNER IS NOT OUT

ART. 1 . . . A runner runs behind or in front of the fielder and outside the base path in order to avoid interfering with a fielder attempting to make the initial play on the ball.

ART. 2 . . . A runner does not run in a direct line to a base, provided the fielder in the direct line does not have the ball in her possession.

ART. 3 . . . More than one fielder attempts to field a batted ball and the runner comes into contact with the one who, in the judgment of the umpire, could not have made an out.

ART. 4 . . . A runner is hit with a fair, untouched batted ball that has passed an infielder, excluding the pitcher, and, in the judgment of the umpire, no other fielder had a chance to make an out.

ART. 5 . . . A runner is hit with a fair untouched batted ball over foul territory that, in the judgment of the umpire, no fielder had a chance to make an out.

ART. 6 . . . A runner is hit with a fair batted ball after it touches, or is touched by, any fielder, including the pitcher, and the runner could not avoid contact with the ball.

ART. 7 . . . A runner is touched while off a base:

- a. with a ball not securely held by a fielder.
- b. with a hand or glove of a defensive player and the ball is in the other hand.

ART. 8 . . . The defensive team does not request the umpire's decision on an appeal play as in [2-1-4](#).

ART. 9 . . . A batter-runner overruns first base after touching it and returns directly to the base.

ART. 10 . . . The runner is not given sufficient time to return to a base. The runner will not be called out for being off base before the pitcher releases the ball.

EFFECT: "No pitch" will be called by the umpire and the runner(s) will be permitted to return to the proper base(s) without penalty.

ART. 11 . . . She has legally started to advance when the pitcher receives the ball while in the 16-foot circle, or when the pitcher steps into the 16-foot circle with the ball in her possession.

ART. 12 . . . The runner stays on the base until a fly ball touches a fielder and then attempts to advance.

ART. 13 . . . Hit by a fair batted ball when touching the base, unless the runner intentionally interferes with the ball or a fielder making a play.

ART. 14 . . . The runner slides into a base and dislodges it from its proper position. The base is considered to have followed the runner.

EFFECT: A runner reaching a base safely will not be out for being off the base if it becomes dislodged. The runner may return without liability to be put out when the base has been replaced. A runner forfeits this exemption if they attempt to advance beyond the dislodged base before it is again in proper position.

ART. 15 . . . A fielder makes a play (a pitch by the pitcher is not considered making a play) on a batter, batter-runner or runner while using an illegal glove, and it is discovered before:

- a. the next pitch (legal or illegal).
- b. the pitcher and all infielders have left fair territory and the catcher has left her normal fielding position on the way to the dugout.
- c. The umpires have left the field.

PENALTY: (Art. 15) The offended coach may have the entire play nullified with each runner returning to her original base and the batter batting over again, assuming the ball and strike count prior to the steal attempt or pitch that was hit; or the offended coach may take the result of the play and disregard the illegal act.

ART. 16 . . . A runner legally returns to a base left too soon or missed prior to an appeal being made, or is returning to a base during a dead ball.

ART. 17 . . . A runner physically passes an obstructed preceding runner.

SECTION 9 COURTESY RUNNERS

ART. 1 . . . The team at bat may use a courtesy runner for the pitcher and/or the catcher at any time. Neither the pitcher nor the catcher will be required to leave the game under such circumstances. The same courtesy runner may not run for both the pitcher and the catcher any time during the game.

ART. 2 . . . In the top of the first inning only, the pitcher and catcher are identified as those players listed on the lineup as the pitcher and catcher; both must face at least the first batter on defense (one pitch). Thereafter, the pitcher and catcher are identified as the last players who physically played that position on defense. The pitcher or catcher must bat and reach base legally (or earn their way on base) in order to be eligible for a courtesy runner.

EXCEPTION: When an injury or disqualification occurs in the top of the first inning to the pitcher/catcher identified on the lineup card and she is unable to face the first batter in the bottom of the first inning, the player who ran for her is retroactively her substitute, no longer a courtesy runner. All substitution rules apply and the pitcher/catcher has left the game.

ART. 3 . . . Players who are currently in the game or have participated in the game in any other playing capacity are ineligible to serve as courtesy runners.

ART. 4 . . . A player may not be a substitute for any player in the half inning that she ran as a courtesy runner.

EXCEPTION: When an injury or disqualification occurs and no substitutes are available, the courtesy runner must be used as a substitute, and take the place of the injured player. Should the courtesy runner be on base, and is entered as a substitute, the pitcher or catcher for whom the courtesy runner is running, must run in her place.

ART. 5 . . . The courtesy runner is not permitted to run as a courtesy runner for the Designated Player (DP), if the DP is only batting, and not playing defense, for the pitcher or the catcher.

ART. 6 . . . Once the courtesy runner is designated for that half-inning, the pitcher or catcher for whom she is running may not return to run while that courtesy runner is on base. A courtesy runner shall not run for a courtesy runner. When a legal substitute replaces a courtesy runner, the player for whom she was running has left the game.

EXCEPTIONS:

1. Should an injury or disqualification occur to any other offensive player, and no substitutes are available, the courtesy runner must take the place of the player. In this case, the courtesy runner enters as a substitute and the pitcher or catcher for whom the courtesy runner is running, must run in her place.

2. When the courtesy runner is injured or disqualified, the player for whom she is running (pitcher or catcher) may return to run the bases or a legal substitute may be entered.

PENALTY: (Arts. 1 through 6) Illegal substitute as in [3-4](#).

ART. 7 . . . A courtesy runner must be reported to the plate umpire.

PENALTY: (Art. 7) Unreported substitute as in [3-3-4](#) and [3-6-7 Penalty](#).

SECTION 10 DOUBLE FIRST BASE (STATE ASSOCIATION ADOPTION)

Art. 1 . . . The defense must use the white portion and the batter-runner the colored portion when a play is being made on the batter-runner.

PENALTIES (Art. 1):

1. The batter-runner is out when there is a play being made at first base and the batter-runner touches only the white portion provided the defense appeals prior to the batter-runner returning to touch the white or colored base.

2. The batter-runner is out for interference when there is a force play and the batter-runner touches only the white portion and collides with the fielder about to catch a thrown ball while on the white. See [Rule 8-2-5 Penalty](#).

3. Obstruction is called on the defense when there is a force play on the batter-runner, who touches only the colored portion and collides with the fielder about to catch a thrown ball, while also on the colored portion. See [8-4-3b Penalty](#).

Art. 2 . . . The offense or defense may use either the white or colored portion:

- a. On any force out attempt from the foul side of first base.
- b. On an errant throw pulling the defense off the base into foul ground.
- c. When the defensive player uses the colored portion of the double base, the batter-runner can run in fair territory when the throw is coming from the foul side of first base, and if hit by the thrown ball, it is not interference. If intentional interference is ruled, the runner is out.

Art. 3 . . . The offense or defense may touch the white or colored base:

- a. On a fair ball hit to the outfield with no play being attempted or when the runner is returning to first base.
- b. On a fly ball tag-up play.
- c. (F.P.) On an attempted pick-off play.
- d. On a base on balls.

Rule 9 Scoring and Record Keeping

SECTION 1 HOW A TEAM SCORES

ART. 1 . . . A runner scores one run each time she legally advances to and touches first, second and third and then home plate before there are three outs to end the inning ([2-49](#)).

EXCEPTION: A run is not scored if the runner advances to home plate during action in which the third out is made as follows:

- a. by the batter-runner before touching first base;
- b. by another runner being forced out;
- c. by the preceding runner who is declared out because of failing to touch one of the bases;
- d. when a third out is declared on an appeal play resulting in a force out (This play takes precedence if enforcing of it would negate a score.);
- e. when there is more than one out declared by the umpire which terminates the half-inning (the defensive team may select the out which is to its advantage);
- f. when a runner crosses home plate after a preceding runner is declared the third out.

ART. 2 . . . The number of runs scored by each team is entered on the scorebook for each inning. The team whose runners score the greatest total number of runs for the entire regulation game wins.

SECTION 2 RECORDING GAME ACTIVITY

ART. 1 . . . Uniformity in records of game activity is promoted by use of a standard tabulation sheet.

ART. 2 . . . The scorebook of the home team shall be the official scorebook, unless the plate umpire rules otherwise. The official scorekeeper, as designated by the umpire, shall keep records as outlined in the following rules and has the final authority when judgment is involved in determining whether a batter-runner's advance to first base is the result of an error or of a base hit, and in similar situations.

SECTION 3 PLAYER'S BATTING RECORD

ART. 1 . . . Each player's batting record shall include:

- a. the number of times batted ([2-60](#)), the runs scored ([9-1-1](#)), and the base hits made (Art. 2).
- b. in the summary, the number of total base hits and the type (single, double, triple or home run), sacrifice hits, and number of runs batted in.
- c. slugging percentage, which is total bases (i.e., double = two bases, triple = three bases, etc.) divided by official at bats.
- d. on-base percentage, which is the number of hits, walks and hit by pitch, divided by the number of plate appearances (official at-bats, sacrifices, walks and hit by pitch).

ART. 2 . . . A base hit is credited to a batter when the batter-runner advances to first base safely:

- a. because of a fair hit, rather than because of a fielder's error. It is not a base hit if any runner is out on a force play caused by the batter advancing toward first base.

NOTE: Base hits include any fair hit which cannot be fielded in time to throw out or tag out a batter-runner or any other runner when being forced to advance. Illustrations are as follows: (1) Ball is stopped or checked by a fielder in motion who cannot recover in time. (2) Ball moves too slowly; (3) Ball is hit with such force to a fielder that neither the fielder nor an assisting fielder can handle it.

- b. without liability of being put out because a runner is declared out for being hit by the batted ball ([8-1-2a](#)), or the umpire is hit by a batted ball ([5-1-1f](#)).
- c. because of a fielder's choice when a fielder attempts to put out another runner but is unsuccessful and the scorekeeper believes the batter-runner would have reached first base even with perfect fielding.

NOTE: Scorekeepers use the term in the following ways: (1) to indicate the advance of the - batter-runner who takes one or more bases when the fielder who handles the batted ball plays on a preceding runner; (2) to indicate the advance of a runner, other than by stolen base (F.P.) or error, while a fielder is trying to putout another runner; and (3) to indicate the advance of a runner due to the defensive team's refusal to play on the runner (F.P., an undefended steal).

ART. 3 . . . A base hit for extra bases is credited to the batter when it is the sole reason for safe arrival at second (double), third (triple) or home base (home run).

ART. 4 . . . A sacrifice hit is credited to the batter when, with not more than one out, a bunt (F. P.) enables any runner to advance or a fly ball enables a runner to score; but, in either case, batter-runner is put out before reaching first or would have been put out if the hit had been fielded without error.

ART. 5 . . . A run batted in is credited to the batter when a runner scores because of:

- a. a base hit, including the batter-runner's score on a home run.
- b. a sacrifice hit.
- c. any putout.
- d. a forced advance, such as for a base on balls or batter being hit.
- e. an error, provided two are not yet out and the error is such that the runner on third would have scored even if there had been no error.

EXCEPTION: It is not a run batted in if there is a double play from a force out, or one in which the batter is put out or should have been put out on a batted ball.

ART. 6 . . . When a strikeout involves more than one batter, it is charged to the one who received at least two strikes. If no batter received more than one strike, it is charged to the batter who received the third strike.

SECTION 4 PLAYER'S BASERUNNING RECORD

A stolen base (F.P.) shall be credited in the summary to a runner each time the runner advances a base without the aid of a base hit, a putout or a fielding (including battery) error.

EXCEPTION: No runner is credited with a stolen base ([2-55](#)) if:

- a. after reaching the base, the runner overslides and is put out;
- b. in an attempted double or triple steal, any runner is put out; or
- c. opponents are in collusion, such as a deliberate attempt to help establish a record.

SECTION 5 PLAYER'S FIELDING RECORD

ART. 1 . . . Each player's fielding record shall include: the times the fielder put out a batter or runner; the times the fielder assisted a teammate in putting out a runner, and the number of errors the fielder committed.

ART. 2 . . . A putout is credited to a fielder who catches a batted ball in flight, who tags out a runner, or who puts out a runner by holding the ball while touching a base to which a runner is forced to advance or return ([2-38-4](#)).

EXCEPTIONS:

1. Catcher is credited with the putout when the batter is out for illegally batting the ball, for bunting a third strike foul (F.P.), for hitting the ball foul on strike three (S.P.), for the batter being hit by own batted ball or for batting out of turn;
2. for an infield fly, the putout is credited to the fielder who would ordinarily have made the catch; or
3. for runner being out because of being hit by a batted ball, the putout is credited to the fielder who is nearest the ball at the time.

ART. 3 . . . An assist is credited to a fielder each time the fielder handles or deflects the ball during action which is connected with the putout, or the fielder handles the ball prior to an error which prevents what would have been a putout. If several fielders handle the ball or one fielder handles it more than once during a play (such as when a runner is caught between bases), only one assist is credited to each fielder.

NOTE: If the catcher tags out or throws out a runner after the pitch, the pitcher is not credited with an assist.

ART. 4 . . . A double play or triple play is credited to one or more fielders when two or three players are put out between the time a pitch is delivered and the time the ball next becomes dead or is next in possession of the pitcher in pitching position.

ART. 5 . . . An error is charged against a fielder for each misplay that prolongs the time at bat of the batter; or prolongs the time a player continues to be a runner; or permits the runner to advance one or more bases. If it is impossible to assign an error to an individual player, then the team will be assessed with an error.

EXCEPTIONS:

1. A pitcher is not charged with an error for a base on balls, a batter being hit, an illegal pitch, a passed ball, or a wild pitch.
2. A catcher is not charged with an error for a wild throw in an attempt to prevent a stolen base,

unless the base stealer advances another base because of the wild throw.

3. Neither catcher nor infielder is charged with an error for a wild throw in an attempt to - complete a double play, unless the throw is so wild that it permits a runner to advance an - additional base. However, if a player drops a thrown ball when a double (or triple) play would have been completed by holding onto it, it is an error.

4. It is a passed ball when the catcher fails to stop or control a pitch when she should have been able to do so with ordinary effort and on which a runner (other than the batter) is able to advance. When a passed ball occurs on a third strike, permitting a batter to reach first base, score a strikeout and a passed ball.

5. A fielder is not charged with an error for accurately throwing to a base when the baseman fails to stop or tries to stop the ball, provided there was good reason for such throw. If the runner advances because of the throw, the error is charged to the baseman, or fielder who should have covered that base.

6. If a fielder drops a fair fly ball but recovers in time to force out a runner, the fielder is not charged with an error. It is recorded as a force out.

SECTION 6 PITCHER'S RECORD

ART. 1 . . . A wild pitch (F.P.) shall be charged to the pitcher when a ball legally delivered to the batter is so high, or so low (including any pitch which touches the ground in front of home base), or so far away from home base that the catcher does not stop or control it with ordinary effort and the batter-runner advances to first base or any runner advances a base.

NOTE: (F.P.): When the catcher enables a runner (other than the batter-runner) to advance by failing to control a pitch which should have been controlled, it is not a wild pitch but a “passed ball.” For dropping third strike see [9-5-5 Exception 4](#).

ART. 2 . . . The number of bases on balls, batters being hit by a pitch (F.P.), strikeouts, and base hits allowed by each pitcher shall be recorded in the summary. If a batter is hit by what would have been the fourth ball (F.P.), it is recorded as a hit batter.

ART. 3 . . . An earned run shall be charged against the pitcher when a runner advances to home base because of a safe hit, a sacrifice, a stolen base, a putout, a base on balls, a hit batter (F.P.), or a wild pitch (even when the wild pitch is a third strike F.P.), provided that in each case it is before the team in the field has had an opportunity to make a third putout.

When there is doubt as to whether an act is an error or as to which base a runner would have been held if there had been perfect fielding, the pitcher shall be given the benefit. If a pitcher commits a fielding error, it is treated the same as any other fielder's error.

NOTE: For the tie-breaker procedure, the run scored by the player starting as a runner at second base shall be charged to the defensive team, not to the pitcher.

ART. 4 . . . A strikeout is credited to the pitcher when a third strike is delivered to a batter, even though the batter might reach first base because the third strike is a wild pitch (F.P.) or is not caught (F.P.) ([2-56-2](#)). It is also a strikeout if an attempted third strike bunt (F.P.) is an uncaught foul.

ART. 5 . . . A relief pitcher shall not be charged with any earned run scored by a runner who was on base when such pitcher entered nor with any hit or advance by a batter who had more balls than strikes when such pitcher entered ([3-3-2, 3](#)).

ART. 6 . . . Winning and losing pitchers are determined as follows:

- a. The starting pitcher is credited with a win in the following circumstances:
 1. When she pitches at least half of the innings in the game and her team stays ahead for the remainder of the game.
 2. When she pitches the required number of innings, her team is ahead or tied when she is replaced, she re-enters the game with her team behind, and her team subsequently recaptures the lead.

NOTE: A pitcher cannot receive credit for a save if she receives the win.

b. The relief pitcher is credited with a win in the following circumstances:

1. The starting pitcher did not pitch the required number of innings, or her team fell behind.
2. The relief pitcher who pitches most effectively after the starting pitcher did not pitch the required number of innings, more than one relief pitcher was used and the lead was never lost.
3. The relief pitcher was the pitcher of record when her team gained the lead and stayed in the lead.
4. A relief pitcher left the pitching position while the score was tied or her team was behind, and she re-entered as the pitcher and regained the lead.

c. If a pitcher is replaced by a pinch hitter or a pinch runner, the runs scored by the team during the inning of removal are to be credited to that pitcher's benefit for deciding the pitcher of record when the team takes the lead.

d. A pitcher shall be charged with the loss when the team is behind or falls behind because of runs assessed to that pitcher and the team does not subsequently tie the score nor take the lead.

e. A pitcher cannot be given credit for pitching a shutout if the pitcher does not pitch the complete game, unless the player enters the game with no one out before the opponents have scored in the first inning and she does not permit the opposition to score during the game.

ART. 7 . . . In order for a pitcher to be credited with a save, she shall meet all three of the following criteria:

a. she is the last pitcher in a game won by her team; and

b. she is not the winning pitcher; and

c. she meets at least one of the following:

1. she enters the game with a lead of not more than three runs and pitches at least one inning; or
2. she enters the game, regardless of the count on the batter, with the potential tying run either on base, at bat or on deck; or
3. she pitches effectively for at least three innings.

NOTE: A starting pitcher who is replaced and then re-enters as pitcher can be credited with a

win but not a save.

- a. total score and runs scored in each inning.
- b. stolen base(s) for each runner (F.P.).

- b. batting average—divide the total number of base hits, not the total bases on hits, by the total times at bat.
- c. fielding average—divide the total putouts and assists by the total of putouts, assists and errors.
- d. earned-run average—divide the total runs earned while pitching by the total number of innings pitched (average runs per inning) and multiply by seven (average runs per game).
- e. slugging percentage is total bases (i.e., double = two bases, triple = three bases, etc.) divided by official at bats.
- f. on-base percentage is total times on base divided by official at bats, walks, errors, interference, etc.

NOTE: If there is a fraction of $\frac{1}{2}$ or more, a full point is added.

Rule 10 Umpiring

SECTION 1 GENERAL

ART. 1 . . . Game officials include the plate umpire and may include one, two or three field umpires. Any umpire has the authority to order a player, coach or bench personnel to do or refrain from doing anything which affects the administering of these rules, and to enforce prescribed penalties. The rules committee strongly recommends there be at least two umpires.

ART. 2 . . . Umpire jurisdiction begins upon the arrival of one umpire within the confines of the field and ends when the umpires leave the field of play at the conclusion of the game.

NOTE: The umpires maintain administrative responsibilities for the contest through the completion of any required reports or correspondence in response to any action occurring while the umpires have jurisdiction. State associations may intercede in the event of unusual incidents after the umpires' jurisdiction has ended or in the event that a game is terminated prior to the conclusion of regulation play.

ART. 3 . . . If there is only one umpire, that umpire has complete jurisdiction in administering the rules and shall take a position behind the catcher.

ART. 4 . . . Any umpire's decision which involves judgment, such as whether a hit is fair or foul, whether a pitch is a strike or ball, or whether a runner is safe or out, is final. If there is a reasonable doubt about some decision being in conflict with the rules, the coach or captain may ask that the correct ruling be made. The umpire making the decision may ask another umpire for information before making a final decision. The use of videotape by game officials for the purpose of making calls or rendering decisions is prohibited. No umpire shall criticize or interfere with another umpire's decision unless asked by the one making it.

NOTE: The plate umpire sometimes asks for aid from the base umpire when there is a question as to whether a batter's half-swing is to be called a strike. See [2-11](#).

ART. 5 . . . The umpire's right to disqualify players or to remove nonplayers for objecting to decisions or for unsporting conduct is absolute.

ART. 6 . . . Umpires shall not use tobacco products in any form in the vicinity of the playing field.

SECTION 2 PLATE UMPIRE

ART. 1 . . . If there are two (or more) umpires, the plate umpire shall stand behind the catcher, call and count balls and strikes, signal each fair hits and call out “foul ball” while signaling each foul hit and make all decisions on the batter. The plate umpire shall make all decisions except those commonly reserved for the field umpire.

ART. 2 . . . The plate umpire has final authority to forfeit a game, and has jurisdiction over any rules matters not mentioned in [10-2-1](#) and not assigned to the field umpire in [10-3](#).

ART. 3 . . . The duties include those listed in [10-2-1](#) and also the following:

- a. conduct the pregame conference as in [4-1-2](#). Inspect equipment, including batting and catcher’s helmets, bats, inspect the condition of the field, define the dugout/bench areas, if necessary, designate the official scorekeeper ([9-2-2](#)).
- b. call and/or signal “Play Ball” to start the game or to resume play, and call and/or signal “Time” or “Dead Ball” whenever the ball becomes dead.
- c. eject or restrict to the dugout/bench a player, coach or bench personnel.
- d. announce each substitute.
- e. call the game if conditions become unfit for play.
- f. penalize for rules infractions, such as illegal pitch, interference, delay, unwarranted disputing of decision, unsporting conduct or defacement of the ball.
- g. make final decision on points not covered by the rules.
- h. forfeit the game for prescribed infractions by spectators, players or bench personnel.
- i. when a game is played under the auspices of an organization which permits protests to be filed, the plate umpire shall report the protest to the organization along with all related conditions at the time of the protested play, provided the protest is brought to the attention of an umpire by the offended team at the time of the play and before the next pitch after such play.

EXCEPTION: Protests resulting from the last play of the game shall be brought to the attention of an umpire by the offended team prior to the umpires leaving the field. The plate umpire shall then inform the coach of the opposing team and the official scorekeeper.

NOTE: If there is a question about a rule that was possibly misapplied, the team’s coach or captain shall inform the umpire at the time of the play and before a pitch to the next batter of the team currently at bat or before the first batter for the team that was on defense, if the teams have changed positions; or before the umpires leave the field, if the play in question was the last play

of the game.

- j. keep a record of defensive and offensive team charged conferences and team warnings for each team.
- k. immediately remove a player from the game who exhibits signs, symptoms, or behaviors consistent with a concussion as in [3-3-9](#). (See [NFHS Suggested Guidelines for Management of Concussion in Appendix B](#).)
- l. penalize for equipment violations ([3-6-1 Penalty](#)).
- m. rectify any situation in which an umpire's decision that was reversed has placed either team in jeopardy.
- n. correct a scorekeeping error if brought to an umpire's attention before the umpires leave the field when the game is over.

SECTION 3 FIELD UMPIRE

ART. 1 . . . A field umpire shall aid the plate umpire in administering the rules. The field umpire shall make all decisions on the bases except those reserved for the plate umpire. The field umpire shall have concurrent jurisdiction with the plate umpire in calling time, illegal pitches, defacement or discoloration of ball by the pitcher, when a fly ball is caught, or in disqualifying any player for blatant, unsporting conduct or infraction as prescribed by the rules. In some instances, the field umpire will rule on the ball being fair or foul.

ART. 2 . . . When there is only one field umpire, that umpire shall make all decisions at first and second base, unless a play takes the field umpire beyond the infield, in which case the plate umpire shall make the call at those bases. The field umpire also shall make such decisions at third that cannot be made by the plate umpire.

ART. 3 . . . If additional field umpires are used, also referred to as base umpires, they have - concurrent jurisdiction with the first field umpire.

SECTION 4 EQUIPMENT AND APPAREL

ART. 1 . . . Umpires working the plate in fast pitch shall wear a throat protector that is part of or attached to the mask and extends far enough to adequately protect the throat. An attached throat protector must be commercially manufactured, properly attached, unaltered and worn properly. A mask is recommended for slow pitch. A chest protector is recommended in fast pitch.

ART. 2 . . . The proper uniform for an umpire consists of a powder blue shirt (pullover or button style), heather gray or navy blue slacks, navy blue jacket, pullover knit sweater, cap, and ball bag (plate umpire only). Shoes, socks and belt shall be black. If an undershirt is worn under the powder blue shirt, it shall be white and short sleeved.

ART. 3 . . . Casts, splints and braces may be worn, if padded.

SOFTBALL RULES BY STATE ASSOCIATION ADOPTION

1-1-2 Note: By state association adoption (S.P.), the pitching distance shall be 50' when using a 12-inch ball.

1-2-1 Note: A double first base is permitted. (8-10)

1-3-3 Note: By state association adoption, an 11-inch softball shall be used in girls slow pitch. (1-1-2a)

3-2-1: State associations may, on an individual basis, permit a player to participate while wearing a different style uniform for religious reasons.

3-3-7 (S.P.): By state association adoption, a team may use an 11th player called an Extra Player, EP.

4-2-3: By state association adoption, game-ending procedures may be determined.

4-2-3 Note 2: By state association adoption, the number of innings for one or both games in a doubleheader may be scheduled for five innings. Current state association game-ending procedures still apply.

4-2-6: By state association adoption, the tie-breaker procedure may be instituted at a point in the game specified by the state association.

4-3-1a: State associations are authorized to specify the time frame and/or circumstances before a forfeit will be declared for a late arrival by one of the teams.

4-4-1: It is optional on the part of a state association as to whether protests are permitted.

5-2-1b Note: After 30 minutes, the umpire may declare the game ended or by state association adoption, suspended.

COMMENTS ON 2015 RULES CHANGES

Batting and Catcher's Helmets: Helmet surfaces manufactured with a glare (mirror-like) surface are illegal. This rule change is due to some of the new helmets being manufactured with a glare (mirror-like) surface which is distracting and potentially dangerous to other players.

POINTS OF EMPHASIS

ELECTRONIC DEVICES

An electronic device is defined as any device that accomplishes its purpose electronically. Technology has presented coaches and players with a wide variety of devices that can be used for their improvement. Rule [1-8-6](#) allows for team personnel to utilize technology to transmit or record information pertaining ONLY to their players or team's performance within their team dugout or bench area.

The information obtained from an electronic device may be used for coaching purposes during the game, but only in the team's dugout or bench area. During the game, no electronic devices are allowed on the field to video record. Rule [3-6-10](#) allows for stopwatches and electronic scorekeeping devices in the coaching box. Rule [3-6-11](#) prohibits the use of any information obtained from an electronic device to review a decision made by an umpire. Any video recording solely targeting the actions of the opponent is prohibited.

INTERFERENCE

Interference is defined by Rule [2-32](#) as an act (physical or verbal) by a member of the team at bat that illegally impedes, hinders or confuses any fielder; or when a runner creates malicious contact with any fielder with or without the ball, in or out of the baseline.

The NFHS Softball Rules Committee strongly emphasizes that coaches remind their players about this definition, and what they need to do. As stated, these acts may be physical or verbal and intentional or unintentional. Batters and runners must be taught to be aware of where the ball is and where the opposing team fielders are in relationship to the ball.

OBSTRUCTION

Obstruction is defined by Rule [2-36](#) as the act of a defensive team member that hinders or impedes the progress of a batter's attempt to make contact with a pitched ball or that impedes the progress of a runner or batter-runner who is legally running the bases, unless the fielder is in possession of the ball or is making the initial play on a batted ball. The act may be intentional or unintentional, physical or verbal.

The NFHS Softball Rules Committee strongly emphasizes that coaches must remind their players about this definition. Players need to be instructed that they cannot hinder or impede any runner when they are not making a play on a ball or have the ball in their possession. Players need to be made aware of where they are on the field in relationship to opposing team members who are running the bases.

Suggested Guidelines for Management of Concussion in sports

A concussion is a traumatic brain injury that interferes with normal brain function. An athlete does not have to lose consciousness (be “knocked out”) to have suffered a concussion.

Common Signs and Symptoms of Concussion Include:

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets an instruction
- Is unsure of game, score or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows mood, behavior or personality changes
- Can't recall vents prior to hit or fall
- Can't recall events after hit or fall
- Headaches or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Sensitivity to light
- Sensitivity to noise
- Feeling sluggish, hazy, foggy or groggy
- Concentration or memory problems
- Confusion
- Does not "feel right" or is "feeling down"

Suggested Concussion Management:

1. No athlete should return to play (RTP) or practice on the same day of a concussion.
2. Any athlete suspected of having a concussion should be evaluated by an appropriate health-care professional that day.
3. Any athlete with a concussion should be medically cleared by an appropriate health-care professional prior to resuming participation in any practice or competition.
4. After medical clearance, RTP should follow a step-wise protocol with provisions for delayed RTP based upon return of any signs or symptoms at rest, while doing school work or with physical activity.

For further details please see the “NFHS Suggested Guidelines for Management of Concussion” at www.nfhs.org.

Revised and Approved October 2013

Equipment Guidelines

1. Each NFHS sports rules committee is responsible for recommending the official playing rules to the NFHS Board of Directors for adoption. The committee is not responsible for testing or approving playing equipment for use in interscholastic sports. Equipment manufacturers have undertaken the responsibility for the development of playing equipment that meets the specifications established by the committee. The NFHS urges manufacturers to work with the various independent testing agencies to ensure the production of safe products. Neither the NFHS nor the applicable NFHS sport rules committee certifies the safety of any sport equipment. Only equipment that meets the dimensions and specifications in the NFHS sport rules may be used in interscholastic competition. While the committee does not regulate the development of new equipment and does not set technical or scientific standards for testing equipment, the committee may, from time to time, provide manufacturers with guidance as to the equipment-performance levels it considers consistent with the integrity of the game. The committee reserves the right to intercede to protect and maintain that integrity.

2. Each NFHS sport rules committee suggests that manufacturers planning innovative changes in sports equipment submit the equipment to the applicable NFHS sport rules committee for review before production.

General Guidelines for Sports Hygiene, Skin Infections and Communicable Diseases

Proper precautions are needed to minimize the potential risk of the spread of communicable disease and skin infections during athletic competition. These conditions include skin infections that occur due to skin contact with competitors and equipment. The transmission of infections such as Methicillin-Resistant Staphylococcus aureus (MRSA) and Herpes Gladiatorum, blood-borne pathogens such as HIV and Hepatitis B, and other infectious diseases such as Influenza can often be greatly reduced through proper hygiene. The NFHS SMAC has outlined and listed below some general guidelines for the prevention of the spread of these diseases.

Universal Hygiene Protocol for All Sports

- Shower immediately after every competition and practice.
- Wash all workout clothing after each practice.
- Wash personal gear (knee pads and braces) weekly.
- Do not share towels or personal hygiene products (razors) with others.
- Refrain from full body (chest, arms, abdomen) cosmetic shaving.

Infectious Skin Diseases

Strategies for reducing the potential exposure to these infectious agents include:

- Athletes must be told to notify a parent or guardian, athletic trainer and coach of any skin lesion prior to any competition or practice. An appropriate health-care professional should evaluate any skin lesion before returning to competition.
- If an outbreak occurs on a team, especially in a contact sport, all team members should be evaluated to help prevent the potential spread of the infection.
- Coaches, officials and appropriate health-care professionals must follow NFHS or state/local guidelines on “time until return to competition.” Participation with a covered lesion may be considered if in accordance with NFHS, state or local guidelines and the lesion is no longer contagious.

Blood-Borne Infectious Diseases

Strategies for reducing the potential exposure to these agents include following Universal Precautions such as:

- An athlete who is bleeding, has an open wound, has any amount of blood on his/her uniform, or has blood on his/her person, shall be directed to leave the activity (game or practice) until the bleeding is stopped, the wound is covered, the uniform and/or body is appropriately cleaned, and/or the uniform is changed before returning to activity.
- Athletic trainers or other caregivers need to wear gloves and take other precautions to prevent blood or body fluid-splash from contaminating themselves or others.
- In the event of a blood or body fluid-splash, immediately wash contaminated skin or mucous

membranes with soap and water.

- Clean all contaminated surfaces and equipment with disinfectant before returning to competition. Be sure to use gloves when cleaning.
- Any blood exposure or bites to the skin that break the surface must be reported and immediately evaluated by an appropriate health-care professional.

Other Communicable Diseases

Means of reducing the potential exposure to these agents include:

- Appropriate vaccination of athletes, coaches and staff as recommended by the Centers for Disease Control (CDC).
- During times of outbreaks, follow the guidelines set forth by the CDC as well as State and local Health Departments.

For more detailed information, refer to the “Blood-Borne Pathogens,” “Infectious Mononucleosis” and “Skin Conditions and Infections” sections contained in the NFHS Sports Medicine Handbook.

NFHS Guidelines on Handling Practices and Contests During Lightning or Thunder Disturbances

These guidelines provide a default policy to those responsible or sharing duties for making decisions concerning the suspension and restarting of practices and contests based on the presence of lightning or thunder. The preferred sources from which to request such a policy for your facility would include your state high school activities association and the nearest office of the National Weather Service.

Proactive Planning

1. Assign staff to monitor local weather conditions before and during practices and contests.
2. Develop an evacuation plan, including identification of appropriate nearby safe areas.
3. Develop criteria for suspension and resumption of play:
 - a. When thunder is heard within 30 seconds of a visible lightning strike, or a cloud-to-ground lightning bolt is seen, the thunderstorm is close enough to strike your location with lightning. Suspend play for thirty minutes and take shelter immediately.
 - b. Thirty-minute rule. Once play has been suspended, wait at least 30 minutes after the last thunder is heard or flash of lightning is witnessed prior to resuming play.
 - c. Any subsequent thunder or lightning after the beginning of the 30-minute count will reset the clock and another 30-minute count should begin.
4. Review annually with all administrators, coaches and game personnel.
5. Inform student athletes of the lightning policy at start of season.

For more detailed information, refer to the "Lightning and Thunder Safety" section contained in the NFHS Sports Medicine Handbook.

Revised and Approved January 2014

Coaches Code of Ethics

The function of a coach is to educate students through participation in interscholastic competition. An interscholastic program should be designed to enhance academic achievement and should never interfere with opportunities for academic success. Each student should be treated with the utmost respect and his or her welfare should be considered in decisions by the coach at all times. Accordingly, the following guidelines for coaches have been adopted by the NFHS Board of Directors.

The coach shall be aware that he or she has a tremendous influence, for either good or ill, on the education of the student and, thus, shall never place the value of winning above the value of instilling the highest ideals of character.

The coach shall uphold the honor and dignity of the profession. In all personal contact with students, officials, athletic directors, school administrators, the state high school athletic association, the media, and the public, the coach shall strive to set an example of the highest ethical and moral conduct.

The coach shall take an active role in the prevention of drug, alcohol and tobacco abuse.

The coach shall avoid the use of alcohol and tobacco products when in contact with players.

The coach shall promote the entire interscholastic program of the school and direct the program in harmony with the total school program.

The coach shall master the contest rules and shall teach them to his or her team members. The coach shall not seek an advantage by circumvention of the spirit or letter of the rules.

The coach shall exert his or her influence to enhance sportsmanship by spectators, both directly and by working closely with cheerleaders, pep club sponsors, booster clubs, and administrators.

The coach shall respect and support contest officials. The coach shall not indulge in conduct which would incite players or spectators against the officials. Public criticism of officials or players is unethical.

The coach should meet and exchange cordial greetings with the opposing coach to set the correct tone for the event before and after the contest.

The coach shall not exert pressure on faculty members to give students special consideration.

The coach shall not scout opponents by any means other than those adopted by the league and/or state high school athletic association.

Officials Code of Ethics

Officials at an interscholastic athletic event are participants in the educational development of high school students. As such, they must exercise a high level of self-discipline, independence and responsibility. The purpose of this Code is to establish guidelines for ethical standards of conduct for all interscholastic officials.

Officials shall master both the rules of the game and the mechanics necessary to enforce the rules, and shall exercise authority in an impartial, firm and controlled manner.

Officials shall work with each other and their state associations in a constructive and cooperative manner.

Officials shall uphold the honor and dignity of the profession in all interaction with student-athletes, coaches, athletic directors, school administrators, colleagues, and the public.

Officials shall prepare themselves both physically and mentally, shall dress neatly and appropriately, and shall comport themselves in a manner consistent with the high standards of the profession.

Officials shall be punctual and professional in the fulfillment of all contractual obligations.

Officials shall remain mindful that their conduct influences the respect that student-athletes, coaches and the public hold for the profession.

Officials shall, while enforcing the rules of play, remain aware of the inherent risk of injury that competition poses to student-athletes. Where appropriate, they shall inform event management of conditions or situations that appear unreasonably hazardous.

Officials shall take reasonable steps to educate themselves in the recognition of emergency conditions that might arise during the course of competition.

Officials shall maintain an ethical approach while participating in forums, chat rooms and all forms of social media.
