Friday	August 1, 2025	7:00 am	5:00 pm
Saturday	August 2, 2025	7:00 am	3:00 pm

ATTENTION COACHES, PARENTS AND ATHLETES

Please have athletes that are throwing in the morning sessions check-in their Implements the day before their events (ex. 15-16B Shot put 8:00 am, Tuesday- Implement must be checked in before 5:00 pm Monday).

Competitors who are throwing in the afternoon sessions must check in their implements 3 hours prior to their event (ex. 9G and 9B Shot Put 12:00pm, Tuesday- implements must be checked in before 9:00 am prior to their event).

These procedures have been implemented to ensure legal and fair implements for all competitors.

Rule 139.2

The Inspector of Implements shall weigh and measure implements used in competition, and shall place a designating mark on each implement passed as complying with all relevant specifications. He/she shall impound the non-complying ones for the duration of the competition. In an event that includes a qualifying round, he/she shall impound all implements that will be available for the final competition between the qualifying round and the competition proper. Under special circumstances (e.g., implements are damaged), the Referee may authorize the Inspector of Implements to certify additional implements between the qualifying round and the competition proper.

All Implements must remain in the competition area until completion of the event. This means until finals are complete.

Good Luck!
